

About Parking in the City of Oneonta

The City of Oneonta is enforcing downtown parking regulations in time-limited spaces, in accordance with posted signs.

Downtown residents, business owners, and commuters are encouraged to park in all-day / 24-hour parking spaces.

Please note that the spaces in the southern section of the Dietz Street Lot (behind the new Dietz Street Lofts building) are all public parking, and will be posted as all day parking.

The City has created additional on-street, all-day parking spaces along Market St and Chestnut St Extension.

Two-hour parking along Main St and adjacent side streets will be enforced, as will the Wall St Lot and Westcott Lot, and the two-hour and four-hour spaces in the northern section of the Dietz St Lot.

Encouraging regular turnover of the parking spaces most closely located to businesses will make it easier for downtown visitors to find short-term parking in the most desirable locations.

The parking lots by Damaschke Field and the Neahwa Park Large Pavilion can accommodate approximately 220 vehicles. These lots are designated as all day parking, and residents, businesses and staff are encouraged to use these lots if possible, so that our most convenient parking is accessible to visitors and shoppers.

Our "Parking Strategies Taskforce," comprised of building owners, businesses, community members and city staff are continuing to refine on-street configurations to accommodate delivery vehicles, the elderly, and those who are handicapped.
