## Apply to be a Rho Gamma Today!

After being a Rho Gamma during 2018 Panhellenic Formal Recruitment, here's what some women had to say about it:

“I feel as though I have gained a completely new perspective on the recruitment process through being a Rho Gamma. I now connect with the Panhellenic community as a whole, and have made so many friendships with both PNMs and women my own age.”

“I gained the ability to put myself out there and be a helping hand for women who needed it and learned how to quickly transition from a stranger to a friend. I also learned so much about all the Panhellenic chapters and my own strengths as well.”

## NPC Announces New Organizational Structure

The NPC Board of Directors has approved the development of a new organizational and governance structure designed to make the conference more nimble and responsive to the most pressing challenges facing students, campus partners and the greater Panhellenic community.

The new governance structure will include:

- A Council of Delegates, consisting of one representative from each of NPC's 26 member organizations, and having primary responsibility for Conference membership and Panhellenic policies.
- A new seven-member Board of Directors consisting of five members elected to service by the Council of Delegates and two directors appointed by their member organization (on a rotational basis). The Board of Directors will lead NPC and have authority and responsibility for overseeing the affairs of NPC. They will establish corporate policy, set the strategic direction, oversee and secure resources and monitor organizational performance. The Council of Delegates will also elect the NPC chairman.

## A note from the Panhellenic President:

Panhellenic women,

The time has come for many of you to step out of your roles and positions in your chapters, and for many more of you to step into new ones. Congratulations to all of our outgoing leaders for a job well done--the work you have done has impacted our community in a positive way, and I hope that you have learned and grown as a leader and a sister this year. To those of you stepping into new roles, remember throughout the year why you started, and always keep your values at the forefront when leading your chapters. To the rest of the community, you don't have to have a title or a position to be a leader in your chapter. Lead with love, with sisterhood, and with integrity, and you will make an impact.

As for me, it's been a great year serving this community, and I can't wait to see what my successor, Fontana Frazier, will accomplish as your next Panhellenic President!
