NPC 2019-2022 Strategic Plan

The NPC Board of Directors has adopted a new strategic plan as they continue to advocate for the sorority experience. The plan is grounded in three priorities identified by the National Panhellenic Conference and its 26 member organizations:

- Champion the sorority experience.
- Cultivate strategic growth of Panhellenic communities
- Leverage the collective strength of member organizations

"The 2019-22 strategic plan is a reminder that if NPC is to thrive, we need to continue to look ahead and be visionary. This means we must embrace the fact the world around us is everchanging." - Carole J. Jones, NPC Chairmain 2017-19
