Financial Assistance

There are many scholarships available through the Kappa Alpha Theta national website as well as a payment plan option that members can apply for, which breaks up semester dues into even installments over four months. In the fall, each member on a payment plan would pay \$189.75 in August, September, October, and November. In the Spring, each member on a payment plan would pay \$140 in January, February, March, and April. The installments are usually sent out at the beginning of the month and are due two weeks later. There is no penalty or fee to be on a payment plan, but each member must submit a reason as to why they are applying for one each semester. There is also no set number or maximum number of girls who can receive a payment plan, and Kappa Alpha Theta is more than willing to make sure that the financial responsibility of our chapter is not a burden to the women in our sisterhood.

If the facility is not filled, the chapter is responsible for remitting empty bed fees to the University if such charges apply. In the event that money is owed for empty beds, the money will be paid by dividing the amount owed equally between all members who break their housing contract or members on the waitlist who refuse to occupy the vacancy. For room selection, the process is prioritized by Governing Council in order of position, then rising seniors, juniors, and sophomores in order of GPA. If there is a tie in GPA, then points will break the tie. If there is a tie in points, then the order will be alphabetical by last name.

Per bylaws the chapter quarters will be occupied each year by the members of the most recently initiated pledge class. If there are more members in the recently initiated pledge class than the capacity of the chapter quarters, members of the pledge class will first be given the opportunity to volunteer to live in the chapter quarters and will then be selected randomly utilizing a lottery system. If there are not enough members in the recently initiated pledge class to fill the chapter quarters to capacity, all initiated members are subject to living in chapter quarters. A lottery will be held among all initiated members currently living on campus who have not lived in the chapter quarters for the minimum required length of time to determine who will fill the remaining open spots. If the chapter quarters are not filled through the above methods, an additional lottery will be held among the remaining initiated members currently living on-campus, including those who have already lived in the chapter quarters for the minimum required length of time. The lottery will continue until the chapter quarters are filled to capacity.

Financial Assistance

For women needing financial assistance, we can stack their dues, meaning they can pay two months together if they cannot pay one specific month, or they can pay their dues all at once during a particular month if that's more convenient. If the members' dues are paid before the end of the semester, it does not matter which month they pay. Additionally, members can apply for both need based and merit-based scholarships through the Phi Mu Foundation, provided they maintain a minimum 3.0 GPA. If awarded, those scholarships are applied directly to TCU tuition rather than Panhellenic dues.
