# Circle Of Sisterhood Week Recap

Last month we dedicated a week to raise money and awareness for Circle of Sisterhood! We had a yard sign competition where each chapter decorated signs to show support for Circle of Sisterhood, had a Venmo challenge to raise money, a Chipotle profit share, and Pi a President. We raised a total of \$1,565.50 for COS. Thank you to all of the Presidents who volunteered for Pi a President and to the entire Panhellenic community for participating and raising money for a great cause!

## Chapter Spotlight

This month we wanted to highlight each chapter and showcase what philanthropy and sisterhood events they have been doing that are COVID-19 safe!

### Alpha Chi Omega

Alpha Chi Omega has been able to put on quite a few different events this semester to foster sisterhood, as well as support our philanthropy, while also being careful to follow COVID-19 guidelines! We have been able to host multiple coffee tabs and Bachelor nights, as well as help our newest member class get to know each other better with different MC bonding events, such as a PJ party and a dinner with the executive board! We've also been able to learn more about our philanthropy, domestic violence awareness, through service opportunities and guest speakers. It's been a sweet semester for Iota Lambda!

This semester our chapter has been participating in engaging, interactive, and fun sisterhood events that help our sisters bond and get to know each other all while staying safe and COVID-19 friendly! Our first Adpi sisterhood event this semester we're cycling classes hosted by local studio CycleBar! Sisters were able to meet each other and get a great workout! For our second sisterhood event we celebrated Galentine's Day at the house with a local therapy dog organization joining us! Just last week our sisters celebrated St. Patrick's Day with roller skating and at a local rink and with desserts such as hand spun cotton candy from a local Fort Worth vendor! Our events focus on creating meaningful and lasting experiences for our members while also showing our support for local small businesses and organizations in Fort Worth!

### Alpha Delta Pi

## Chi Omega

So far this semester, we have had Wish Week where we had different events such as profit shares, a Valentine's day event, as well as a fundraising day— we raised over \$6,000 for Make-A-Wish during Wish Week! This upcoming week, we have an event at Coyote Drive-In; so excited to get to have something in person!

## Delta Delta Delta

Following COVID-19 safe guidelines, we hosted Delta Dunkfest at the TCU Rec Center. Delta Dunkfest is a 3 vs. 3 basketball tournament that students participated in where all proceeds helped benefit Cook Children's Camp Sanguinity, a camp that provides a fun experience to cancer patients and their siblings.

## Delta Gamma

Over the past month, Delta Gamma has been hosting service Saturdays where we have done various projects that support Service for Sight, our philanthropy. In this photo, we are making coloring pages for children who are visually impaired! We outline the drawings with puff paint so they can utilize them.

## Gamma Phi Beta

Last week Gamma Phi Beta had a philanthropy event with Crumbl cookies. It was a HUGE success! We

sold out in an hour and raised \$650 for Girls On The Run!

## Kappa Alpha Theta

Kappa Alpha Theta has had a lot of fun sisterhood activities so far this year. For example, we have had a Galentines pancake party, DEI movie night, and are currently having an Assassins game for grade level. I know we have a photoshoot coming up and that our sisterhood chair has a lot of ideas in the works.

Kappa Kappa Gamma has had a book drive that we do each semester going on this past month. All of the books are donated through our philanthropy, Reading Is Fundamental, to a local elementary school, Westcliffe. Additionally, we had our literacy night where we were able to volunteer at Westcliffe by encouraging and reading to the children.

## Kappa Kappa Gamma

## Phi Mu

Phi Mu has had several super fun sisterhood events and philanthropy events over the semester. We have done cycling classes, online paint tutorials, bachelor watch nights, and a cookie sale to benefit our philanthropy!

## Pi Beta Phi

In March, Pi Beta Phi hosted a virtual 5k/10k called Runners for Readers where we raised over \$2,500 for our philanthropy Read>Lead>Achieve! This money goes directly to fighting illiteracy among kids in our own area.

## Sigma Kappa

This semester Sigma Kappa had lots of sisterhood events. On Valentine's day, we had a fun Valentine's Day party at the house with a \$200 raffle basket. We had a coffee tab at dwell, pot painting for our philanthropy, and a super fun roller-skating night all a part of our sisterhood week. We also had a sisterhood dinner at the house with catered Chipotle. We are looking forward to more philanthropy events happening later this semester!

Zeta Tau Alpha has been having both sisterhood and philanthropy events in a COVID-19 safe way; these events have involved social distancing, a max capacity as well as mask wearing. Some sisterhood events we have been able to do have been food trucks, flower bouquet making and game nights. For philanthropy events we have primarily had profit shares at food places and work out places, which have been a great way to get off

## Zeta Tau Alpha

campus and active while supporting our wonderful local charity, Joan Katz Breast Cancer Resource Center.
