Why be a Rho Gamma?

"My favorite part of being a Rho Gamma was getting to know my PNMs! They are all so amazing and truly made my time as a Rho Gamma so special. As a Rho Gam, I was pushed out of my comfort zone and was able to grow as a person. Being someone's first friend at TCU was such a rewarding experience and truly showed me how unique this school and being apart of the Panhellenic community can be!" - Emma Kight

"My favorite part about being a Rho Gamma was getting to fall in love with every single Panhellenic chapter. Recruitment is a super individual process but being a Rho Gamma gives you the opportunity to celebrate each chapter through each of your PNMs and enjoy what makes all of our Panhellenic women unique and special. Plus you get to fall in love with your chapter all over again too!" - Corinne Marascio

"Getting to know my PNMs was hands down my favorite part of being a Rho Gamma but also the friendships I got to make with all the other Rho Gams is something that I will be eternally grateful for. There's nothing like lost voices, sleep deprivation, and living in a fraternity house for two weeks to bring you together!!" - Emma Sanders

"My favorite part about being a Rho Gamma was being able to make so many new friends with both PNMs and other Rho Gams! There are so many people I can't imagine doing life without that I wouldn't have met if I wasn't a Rho Gam! Being a Rho Gamma was one of my favorite memories from TCU so far!" - Lille Rowland
