

March Panhellenic Newsletter

Circle of Sisterhood Week

This month, we will be having Circle of Sisterhood Week from March 16th to the 20th! Circle of Sisterhood is Panhellenic's national philanthropy and is an organization that works to break the cycle of poverty and oppression by empowering women around the world to achieve an education. At TCU, we strive to do our part to champion this cause by promoting awareness and raising funds for Circle of Sisterhood. In January of 2021, Panhellenic will be sending a team of representatives from all 13 of our chapters to Senegal to build a school to educate girls. All proceeds from our events this week will go to fund this school build!

Here is the link to register for the Game Night Benefitting the Girls if you are interested:

Wednesday 3/18: "What Does Education Mean to You?" Tabling Event, Intellectual Commons, 10:00am-2:00pm

Values Month Recap

I am so privileged and honored to have been able to promote and celebrate Panhellenic

Values month throughout the month of February. Each week of the month was dedicated to one of the National Panhellenic Council values. During the first week of February, we celebrated the value of sisterhood by bringing Mary Marshall Forrest to speak to our women about leadership and being an empowered woman in business. The second week of February we celebrated sisterhood, with free coffee from Dwell and a shopping event at a local boutique, Esther Penn. Both of these events promoted themes of friendship, fun and 'galentines'! Service and Philanthropy was celebrated during the third week of February with a special Circle of Sisterhood meeting. Circle of Sisterhood is the national Panhellenic philanthropy which promotes female empowerment and supports the privilege of education for women across the world. Finally, the last week of February focused on the celebration of scholarship, with our annual scholarship recognition banquet and candy pass-out in the library! Each chapter nominated one member who strongly displays the value of scholarship to attend a large formal banquet, and were accompanied by chapter presidents, scholarship/academic chairs, and more members of the community whom prolong and promote our values. Finally, throughout the last week of the month, Panhellenic women who were studying in the library while wearing their letters received surprise candy bags from Panhellenic Delegates and Associate Delegates.

I would like to thank all members of the community who participated in events this month and who exemplify and promote Panhellenic values. I'd also like to give a special shoutout to my exec team for all the help and support you've given to me through this busy season! Keep an eye out for the next fun program coming your way. Thanks again!

Love,
Paloma Lowell
Vice President of Member Development

NPC Update: From the NPC Chairman: The Role, Scope and Authority of the College Panhellenic

Recently NPC Chairman Carole Jones released a statement reviewing what exactly "Panhellenic" is as well as its role in the college community. Carole states how Panhellenic is often misinterpreted as only the officers on the executive team and the FSL administrators and staff, but it is so much more. It is an association composed of each member of every NPC sorority on campus. Furthermore, there is also a College Panhellenic Council that is composed of a delegate and associate delegate from each NPC chapter represented on campus.

Carole Jones then goes on to speak on the role of Panhellenic which she states is "to guide, not decide." This distinction makes the delegate role of each chapter crucial as the women elected to this position must be knowledgeable on the rules and procedures of both their chapter and of Panhellenic in order for guidance to be provided by Panhellenic. In addition to this, they also have the important responsibility of sharing the opinions of their chapter as a whole on issues and ideas regarding the Panhellenic community. Finally, she concludes by defining the purpose of College Panhellenic which broadly is to promote growth of individual chapters, encourage high standards, promote

friendship and harmony, and so much more.

To learn more about the roles and responsibilities of Panhellenic, visit [NPC's website](#) and [blog](#).
