i. Ice Breaker

1. Get to know your Neighbor

ii. Hello Delegates and Associate Delegates, welcome to the first council meeting of 2021! I know y'all have been working very hard over the break and throughout this first week of school to help get things up and running, and to help this year run smoothly. We are going to make a great year!

1. Reason I say "make" - I want us to all know that we have choice and the ability to set the tone of this experience together. Let's choose to embody optimistic attitudes about what we can do with this year, COVID and all 😊

iii. Now that positions have been finalized within all chapters, we can move forward with the creation of group chats and steady lines of communication. GroupMe chats will be made this week!

iv. I am here for you ALL. My number is 267-824-7618, and I want you to know you can reach out about anything personal or panhellenic related.

1. With that being said, I likely won't respond to messages after 9 PM so if you need something contact me earlier in the day (voice memos, facetime/phone call will be the quickest way to reach me!)

v. We are one big team here - sharing thoughts, ideas, and constructive feedback is healthy, wanted, and valued! If y'all have cool ideas or aren't loving how something is working, let us KNOW! We'll work through it together.

7. Discussion
- a. ΔΔΔ – motions to open the floor for discussion.
 - b. ΑΔΠ – Seconds.
 - c. ΔΔΔ – I talked to my chapter about the Recruitment bylaws and my president had some concerns, so she reached out to you, Cassie. Our advisors plus Nationals for Tri Delt had some concerns about how permanent the bylaws seemed. Some were specific to date, however, there were others that didn't have that. I think the concern was if it was going to be taken away now because of COVID specifically that they want that to specified in a way versus it continuing for years to come.
 - d. Katherine Gatti – Was there a specific bylaw that you thought should or should not be permanent or temporary? If you are referring to the part about budget change that was because NPC also wanted us to decrease our spending to make it more accessible, so you do not have to have a certain status to be a part of a sorority. We do not want to drastically decrease Recruitment in a way where your chapter does not know how to put it on, however that was a good place to start. NPC wanted us to do this regardless of COVID. The total chapter budget is proposed to change from \$6000 to \$5500. This is something that all the Recruitment Chairs thought was reasonable and still would not throw anyone off.
 - e. Devin Wimberly – When we talk about the National Panhellenic Conference, that included people from each chapter's nationals there, so there is representation from each chapter. I would say know those conversations are happening nationally and this was a national push to start decreasing costs. Sorority Life is very expensive, and it can be very exclusionary for some so how can we make this more accessible. I bet a lot of your chapters are wondering how we can reduce dues or how can we come up with payment plans with scholarships so that is where a lot of this is coming from. In 2016 we removed skips. In 2019 we removed beverage service and we never decreased the budget after those. Despite the fact that NPC had been asking for a few years. In the end, maybe you all had extra money that went towards decorations that we had not shrank the budget until now. This is the only items that the PNMs see. So, when it comes to technology or how to feed members, that does not come out of this.
 - f. Cassie – I am following up with Emily Grace shortly because we talked on the phone about some of these too so I will be getting in touch with her. I will email her some of the information, so it is more tangible
 - g. ΔΔΔ – Thank you!

- h. ZTA – Article 3 Section 8 AA, we are not too sure about the wording on this one because it reads as if everything is purchased from Recruitment, does that include things purchased from past years?
 - i. Katherine Gatti – Once something goes on your Recruitment budget once, it only must be documented once. But if you bought something from Philanthropy event a month ago and you haven't used it from Recruitment then you must put it on your Recruitment budget
 - j. ZTA – Also, we are not big fans of wearing shirts for Round 3 because we feel that we want to dress up for later Rounds. So, is there a reason why chapter cannot choose their own designs for Round 3 shirts?
 - k. KG – this is the shirt you all voted on at the beginning of the semester, the reason this was decided last year was because it united panhellenic and showed panhellenic unity and how there are other ways your chapter can differentiate. Every single Round is going to look different because your chapters are unique. Also, PNMs are also going to be wearing the same shirt so it helps focus more on the conversations, people, and even the atmosphere, instead of just focusing on whose outfits were cuter. It also makes preference Round more special. This year Round 3 will be Philanthropy but Round 1 was when we were going to wear the shirts, but they are videos instead and PNMs are watching them on zoom, so there is no reason for chapters to have a matching shirt if they are not even going to be seeing the PNMs and same goes to PNMs. If you remember back when you were a PNM, the COS of shirt and normal Pan shirt, they will wear Circle of Sisterhood shirt Round 2 and Panhellenic Round 3 and chapter members would wear unified black shirt. The reason Round 3 is simply just because video online. I am sure in future year the unified shirt will be Round 1, which would make more sense. We wanted it to be a unified shirt and Because of the Recruitment Chair's vote it had to be Round 3. If you have any more questions, we can talk more about it.
 - l. Devin Wimberly – these were bylaw changed that actually happened last year, we just replicated them for this year. So last year we decided we knew we wouldn't have Round 1 in person that the shirts would be moved to Round 3 regardless of what format if it was in person or virtual. That is where this is coming from. We have bylaws surrounding the shirts, so we are just moving the order because Round 1 is now videos. That is the shortest answer, and it is a replication of last year's votes this year.
 - m. ZTA – We are already voted on it because the wording says by April 1?
 - n. Katherine Gatti – Yeah! We already vote on it. They were the shirts that we presented to Recruitment Chairs that had our meeting February. A blue and black design and they voted on the black and they we voted on it the following week. The Recruitment Chairs have that and it's also in our previous minutes.
 - o. ΠΒΦ – What do chapter member wear for Round 2?
 - p. Katherine Gatti – Round 2 you wear Philanthropy shirt and Round 3 is the unified shirt and Round 4 whatever you want.
 - q. Cassie – Anything else? We can now move on to the Budget Presentation
 - r. ΔΔΔ – Well if it helps, DDD motions to move forward.
 - s. ΦΜ – seconds
 - t. Brooke Eigenheer – Does anyone have any questions?
 - u. Cassie – It does not look like we have any new business, so with that being said, we will move onto chapter announcements. Discussion ended at 5:22 pm.

 - b. The following Panhellenic announcements were made:
 - i. ***Memo About Panhellenic Recruitment 2021 Formats:***
The TCU Panhellenic Executive Board is currently following the guidance of the National Panhellenic Conference by planning both virtual and in-person options for Recruitment 2021. The format for Round 1 has already been determined after a unanimous vote cast by the Chapter Delegates affirmed the Recruitment Committee's (i.e. Recruitment Chairs and the Vice President of Recruitment Operations) recommendation to utilize chapter videos according to updated guidelines from Recruitment 2020. The exact formats for Rounds 2, 3, and 4 will be determined this summer as we await decisions on several critical variables. These variables include chapter room and other university space capacities, face covering requirements, necessary spacing for social distancing, the length of time/days needed to accommodate the predicted number of PNMs each round, and other TCU, CDC, and NPC guidance to safely conduct an event at the magnitude of Panhellenic Recruitment. There will not be a Panhellenic Council vote to confirm the format for Rounds 2, 3, and 4 because we are already adhering to NPC guidance by planning both virtual and in person options, the Panhellenic Council is not

permitted to conduct business over the summer, and decisions on the aforementioned pending variables must be made by other entities.

The Recruitment Committee will be consulted if there are ever multiple university and FSL approved options to choose from. The Recruitment Committee has been instructed to formulate both in person and virtual options for Rounds 2, 3, and 4 and they are strongly encouraged to be thorough in preparing for either outcome. Pending decisions from TCU, the CDC, and NPC, we hope to have more information about recruitment formats for each round by July 1st. In the meantime, we strongly encourage chapters to be attentive to detail with any orders they are placing or contracts they are signing to leave room for cancellations or changes.

We will do our best to provide updates as soon as possible and are here if you have any questions. Most importantly, please know how proud we are of our chapters and the commitment and resilience you have shown to make the best of any situation. We are fully confident that, regardless of format, each of you will be tremendous hosts for the PNMs in Recruitment 2021.

*With Panhellenic Love,
The 2021 Panhellenic Executive Board*

Rationale: If we are able to host Round 4 in person, this will limit the possibility of spreading illness allowing safer contact between Chapter members and Potential New Members.

To amend Texas Christian University Panhellenic Bylaws, Article III. Recruitment Rules, Section 8. Budgets. A. as follows:

Currently reads	Proposed amendment	If adopted, will read
A. The Primary Recruitment budget cap shall be \$6,000. All recruitment chairmen must turn in an itemized list with receipts (photocopies or actual receipts) on or before the date set by the Vice President of Recruitment Operations.	A. The Primary Recruitment budget cap shall be \$5,500. All recruitment chairmen must turn in an itemized list with receipts (photocopies or actual receipts) on or before the date set by the Vice President of Recruitment Operations.

Rationale: NPC Recruitment Contingencies Task Force Report instructed college Panhellenics and chapters to reduce spending on all fronts. While we are entirely sure what expenses may come our way this recruitment, this is seen as a reasonable place to start. Depending on whether Recruitment is held in all virtually or in hybrid format, this allows an approximately 10% decrease in budget spending. The Recruitment Chairs also voted on this amount due to it being a small decrease.
