

Welcome, and thank you for your interest in the Panhellenic community at Texas Christian University.

My name is Fontana J. Frazier and I am excited and honored to serve as the Panhellenic President at Texas Christian University for the 2019 term. Being a Panhellenic sorority woman has been one of the most impactful aspects of my collegiate experience. Connecting with members of not only my own chapter but throughout all 13 Panhellenic chapters on TCU's campus has helped me grow as a person and as a leader.

The Panhellenic community at TCU has a very strong presence on campus, over half of the undergraduate women on TCU's campus are members of a Panhellenic sorority. Our organizations are comprised of many different and unique people that are bright thinkers, leaders and achievers. I truly believe the Panhellenic community at Texas Christian University is a community of world changers. Our Panhellenic community values scholarship, leadership, friendship, and service.

Consistently, the all Panhellenic average GPA is higher than the all campus GPA. Every February we celebrate the Month of the Scholar, and throughout the academic year our individual chapter's host study parties and academic related activities to help encourage and enhance the academic experience for their members.

Texas Christian University values leadership and growing student leaders to be leaders in life after college. Panhellenic women seek many leadership opportunities through their individual sorority chapter, Panhellenic as a whole, throughout their academic disciplines, and throughout our campus community.

Being a member of a Panhellenic sorority helps one become connected to campus and to their peers, through several social experiences. Panhellenic women at TCU build meaningful relationships and career connections throughout their undergraduate experience. I have personally found Panhellenic women to be some of my closest friends. Throughout my time as a Panhellenic sorority woman, I have met people who support and challenge me along the journey to become the best version of myself.

Last but certainly not least, the value of service is greatly shown throughout our Panhellenic community. Our Panhellenic community partners with the non-profit organization called Circle of Sisterhood, on a mission to raise financial resources to help remove education

barriers for girls and women facing poverty and oppression. In 2016, our Panhellenic community funded a trek where we sent 14 Panhellenic sorority women to Nicaragua to help build a school. This trip was very successful and since that trek to Nicaragua, TCU has adopted a Circle of Sisterhood chapter on campus that host a variety of fundraisers and an awareness week once a semester. In early January of 2019, 14 different Panhellenic women from our community embarked on school build trek to Nepal where they lived with host families and worked alongside the women of the community to lay the foundation for a school. Along with the all Panhellenic philanthropy, each of our individual chapters have their own philanthropy and service outreach opportunity's. Many Panhellenic women also participate in a Collaborative Greek Alliance service opportunity called Greek's in the streets where many members of different Greek lettered organizations get together for a day of service out in the Fort Worth community.

The opportunities, experiences, and memories created by being a Panhellenic woman at TCU go beyond all that is listed above. The Panhellenic community at Texas Christian University is one of a select few campuses in the nation to receive the College Panhellenic Excellence Award from the National Panhellenic Conference for five consecutive years.

I hope you enjoy taking a look around our website to learn more about what Panhellenic is about, and the 13 individual chapters that make up our Panhellenic community at TCU. Please reach out to myself or any of the other executive officers with any questions you might have.

Sincerely,

Fontana J. Frazier

2019 Panhellenic President
