

Introducing the the all-new, simple and reliable facility management system.

SafeFacility

The first and only designed exclusively for Head Start and Early Head Start programs.

BUILT WITH EASE OF USE IN MIND

- Quickly create and submit request for repairs.
- Complete checklists with autogenerate requests for non-compliance areas.
- Schedule preventative maintenance.
- Track repairs, update status, and manage contracts.
- Assign work orders and seek approvals with cost thresholds.
- Manage safety drills, inspections, license requirements and maintenance.
- Access information anywhere with full visibility across teams and facilities.
- Monitor in real-time with insights, and detail reporting.

GO PAPERLESS AND STANDARDIZE PROCESSES

Consolidate communication in one place, eliminate lengthy email threads, numerous phone calls and word of mouth. SafeFacility automates the entire work order process from request to completion, improving communication, responsiveness to issues, and efficiency.

SAFETY AND COMPLIANCE MADE EASY

Keep your facility safe and compliant with regular inspection schedules and repeatable checklists. Set priorities, delegate tasks, and get notifications so action items, inspections, checklists, and repairs are never missed.

Our business is built around enhancing all areas of your program's operations from facilities to IT to operations. We digitize your checklists and paper processes, and offer personalized support and implementation.
