INSTRUCTIONS TO BIDDERS

IB.01 PLANS AND SPECIFICATIONS:

Bidders are advised to carefully examine the Plans and Specifications for the proposed work. The Plans show the surface and underground structures likely to affect or to be affected by the prosecution of the work, insofar as they have been determined, but the information shown is not guaranteed in any respect as being correct and complete. Bidders will examine the Plans and the location of the work upon the ground and judge for themselves all of the circumstances affecting the cost of the work and the time required for its completion.

Copies of the Plans and Specifications for use in preparing bids must be obtained from the Office of the Township Engineer, Department of Public Works, 25 Lakeside Avenue, West Orange, NJ 07052-5313.

The successful bidder to whom a Contract is awarded will be furnished free of charge three (3) sets of Plans and Specifications with all addenda thereto. Additional sets of Plans and Specifications may be obtained from the ENGINEER upon payment of a sum per set equal to the sum stipulated in the Advertisement for Bids.

IB.02 CONDITIONS OF WORK:

Each bidder will inform himself fully of the conditions relating to construction and labor under which the work will be performed. Failure to do so will not relieve a successful bidder of his obligation to furnish all material and labor necessary to carry out the provisions of the Contract Documents and to complete the contemplated work for the considerations set forth in his bid. Insofar as possible, the successful bidder, in the carrying out of his work, will employ such methods or means as will cause a minimum interference with the service to be maintained by the OWNER.

IB.03 COMPLIANCE WITH ALL LAWS:

The successful bidder will keep himself informed of and comply with all Federal, State, and local laws or ordinances, as such may apply.

IB.04 PERMITS:

The successful bidder will take out all necessary permits from the municipality or other public authorities, and will give all notices required by law or municipal ordinances. The charge or fee for any permit issued by the OWNER will be assumed by the OWNER, but any other fee will be borne by the successful bidder. The OWNER will be reimbursed by the successful bidder for the cost of the inspection of the work which may be required by public authorities other than the OWNER.

IB.05 PREPARATION OF PROPOSALS:

Each bidder must submit a price for each and every item of the Proposal of the Contract on which he is bidding and failure to do so will render his bid irregular and subject to rejection. Conditions, limitations, or provisions attached by the bidder to the Proposal may also cause its rejection. All blank spaces for bid prices must be filled in, in ink. The prices will be written in both words and figures in the appropriate spaces in the Proposal for the various items, and all bids will be considered informal which contain items not specified in the form of bids. In the event that there is a discrepancy between the unit prices or lump-sum written in words and written in figures, the unit prices or lump-sum written in words will govern. Proposals for each Contract will be compared on the basis of the total price computed from the estimated quantities of all items contained in the Proposal at the unit or lump-sum prices bid for each Item.
