### REPORTING YOUR 2022 MUSKY CATCH

On all of your 2022 catch and release muskies 34 inches or more, email your information along with a digital photo to our new Fish Record Keeper Beth Maeder, [winnebagomusky@gmail.com](mailto:winnebagomusky@gmail.com). You may still mail in the old yellow card if you prefer. If mailing yellow card, send to **WinnebagoLand Musky Club P.O. Box 1735 Fond du Lac, WI 54936**. You can pick up new cards at any meeting or call Scott at 920-948-2283. The email option is much easier and efficient. When you mail-in or email register your musky for the Annual Awards and record board, please try to include at least, date, length to 1/4", body of water where caught and released, lure or bait used, and any other information you note such as weather conditions, time of day, moon phase, depth, bottom conditions, etc. and photo if available. All of this information is extremely interesting to

everyone and in the spirit of sharing information. It is very easy to do this using the email method if you do have the privilege of owning a smart phone, tablet device, or computer, of course, the yellow cards are still accepted. Please get your information to the recordkeeper at least 14 days from the catch. Remember, the minimum size fish to be registered is 34 inches. This is NOT the legal size limit, it is just our Club's measuring minimum for our records only.
