

As a confession, I am a sucker for a new year. The simple - but yet quite intentional - act of reflecting on one year while seeing what God is up to for the next one always makes me smile.

By all accounts, 2018 was a stellar year for **The SHARE Mission**. As we look back, we saw 214 AMAZING volunteers provide 923 service hours locally through sixteen (16) outreach/service events.

**We had:**

Five (5) churches/ministries, two (2) corporations, and three (3) private donors financially support our vision, which is to be *"missionaries to our own backyard."*

**We helped:**

- The Freeman House open her doors to help women escaping sex trafficking
- Struggling mothers be honored with their very own Mother's Day banquet at *The DreamCenter*
  - A local church restore a portion of their stolen property
  - Thousands of believers come together for a night of worship with *ONE Night*
- A local elementary school become the pilot program for ALL of Columbus city schools through *RESET Ministries*; where PUBLIC school children will be shown Kingdom love, identity, honor, and hope!

**Additionally, in 2018, we assisted with:**

- Supporting multiple ministry fundraising banquets
  - Purchasing office furniture & a new computer for a local ministry
- Staffing multiple prayer tents throughout our city so the lost & hurting could be touched by God
  - Having a Christmas Party to help public-school kids hear the Gospel
- Even blessing a sweet & powerful pastoral couple with a dinner out together with theater tickets

Yep, it's been a very good year and we at **The SHARE Mission** want to **THANK YOU** for your prayers, your volunteering, and your financial support. *We simply couldn't do what we do without your help.*

As always, to Jesus goes ALL OF THE GLORY... and for us... bring on 2019!

Blessings,  
*Scott McCallum, Executive Director*
