*“We should aim to bring all the work of God within the sphere of the church of Christ....There is room not only for the worship of God, the teaching of sacred truth and the evangelization of the lost, but also for every phase of practical philanthropy and usefulness... the most aggressive work for the masses and the widest welcome for every class of sinful man; the ministry of healing for the sick and suffering.....and every agency needed to make the church of God the light of the world and the mothering of the suffering and the lost. And there is no work that will be more glorifying to God than a church that will embrace just such features and completeness.”*

~ A.B. Simpson (The Christian Alliance and Missionary Weekly, CMAW, March 13, 1893).

#### Date and Place

We are excited to inform you that our 4<sup>th</sup> Alliance South Central Annual District Conference is before us. #### Theme

This year’s District Conference is *ReEngage*. The conference, this year, is a space to be inspired, informed, and equipped as pastors, delegates and mission mobilizers to grow in their global IW partnerships and in local mission engagement. The places to reach may be getting harder, but the opportunities for engagement are increasing, if answer the momentary call to lean in with faith, risk, and creative investment. Come be inspired to ReEngage!

#### Conference Sneak-Peek

**Global Link** will lead a segment of our conference to inspire our delegates to “the why of Global partnership in the local church” and inform about the how to care and partner with them. AS you may well know, our global partnership with our IW’s is expanding in many creative ways.

#### GLOBALLINK

**PEAK’s Kim Valenzuela** will be with us to lead a segment of our conference in a Community Gospel Impact (CGI) exercise that will help our delegates process the unique opportunities that each of our churches uniquely must make Gospel impact in their communities.

**Lonestar Axe Throwing** will host our annual chemistry building competition. The biggest win is always the fun and fellowship that is enjoyed in a spirit of good old fashion bragging rights competition. The winning region will take home a district grant to be invested in a regional outreach initiative.
