CLASSIFICATION OF BUILDINGS AND STRUCTURES

The dwellings, barns and other structures on the farm property are classified in accordance with minimum requirements for each type of building and structure. There are three types of dwellings classified, three types of barns and outbuildings, and three types of silos. The following are important features of the classification system:

TYPE 1 DWELLINGS (minimum insurance of \$40,000; \$12,000 for tenants): must be of superior character and in excellent condition, showing evidence of proper maintenance and good housekeeping, and with roof in excellent repair. Foundation must be continuously enclosed (porches excepted) and building must have interior plumbing, a modern electrical system, be in good condition, and properly installed by a competent electrician in compliance with local building code requirements.

TYPE 2 DWELLINGS (min. limit: \$25,000; tenants: \$8,000) Must have good quality interior and exterior modern construction in good condition with proper maintenance and housekeeping and with a roof in good repair.

TYPE 3 DWELLINGS are those not eligible for types 1 or 2 classifications.

TYPE 1 BARN, STABLE OR OUTBUILDING (min. Limit of Insurance: \$10,000) Must have superior characteristics and be in excellent repair. No floor or mow above the lowest ground level and not exceeding a height of 26 feet from the lowest ground level to peak. The foundation under all exterior walls must be continuous and of mortared masonry or concrete construction. The door must be incombustible, and the building must be fully enclosed with no open sheds attached. No hay or straw storage is permitted.

TYPE 2 BARN, STABLE OR OUTBUILDING (min. limit: \$5,000) Must have better than average characteristics and maintenance. Conforms to the same foundation requirements of type 1. Building must be framed on poles of minimum six inch diameter at ground line, set a minimum of four feet below the ground. Must be fully enclosed and open sheds are permitted at an additional premium charge. Hay or straw storage is permitted.

TYPE 3 BARNS, STABLES AND OUTBUILDINGS: are all buildings not eligible for type 1 or 2 classifications. They also may be constructed for crop drying, grain grinding, seed grain cleaning, and drying, alfalfa or hay chopping; private greenhouses and portable buildings and structures.

EQ-FARM-F Rev. 11 18 Page 10 of 16

FARM PROPERTY COVERED CAUSES OF LOSS - Refer to coverage form for complete descriptions / limitations

BASIC COVERAGE

- Fire or lightning.
- Coverage is excluded for loss or damage to buildings or contents of a tobacco barn, if loss results from the use of open fire for curing or drying tobacco in the barn, and occurs during, or within the 5-day period following, open-fire curing or drying.
- Windstorm or hail, excluding loss caused by frost or cold weather; ice, snow or sleet, whether driven by the wind or not.
- Livestock or poultry is not covered under this peril when caused by running into streams, ponds or ditches, or against fences or other objects; smothering; or resulting from fright. Livestock or poultry is not covered when loss is caused by freezing or smothering in blizzards or snowstorms; or loss to dairy or farm products in the open (other than hay, straw or fodder).
- Explosion. The policy excludes loss under Coverages E, F and G caused by explosion of alcohol stills, steam boilers, steam pipes, steam engines, or steam turbines owned, leased or operated by the insured and electric arcing, rupture or bursting of pipes, pressure relief devices, or as the result of water swelling or expanding the contents of any building or structure.
- Riot or civil commotion.
- Coverage includes acts of striking employees at the insured location, and looting occurring at the time of the riot or civil commotion.
- Aircraft.
- Vehicles.
- Smoke, excluding smoke from agricultural smudging or industrial operations.
- Vandalism.
- Loss is excluded if the dwelling has been vacant for more than 30 days.
- Theft, including attempt thereat.

The Farm Property Form includes the cause of loss of theft in its Causes of Loss section which is not included in most Commercial Property Forms (see PF&M section 130.6-1).

BROAD COVERAGE

The covered causes of loss under the basic form, plus the following:

- Electrocution of covered livestock.
- Attacks on covered livestock by dogs and wild animals, except loss or damage to sheep, or caused by dogs or wild animals
 owned by the insured, employees, or other persons residing on the premises.
- Accidental shooting of covered livestock, excluding damage caused by insured, employees or other resident persons.
- Drowning of covered livestock from external causes, except drowning of swine less than 30 days old.
- Loading/unloading accidents, meaning sudden, unforeseen and unintended events, causing or necessitating death of covered livestock and occurring while being unloaded or loaded on to transporting vehicles.
- The cause of loss does not include loss caused by or resulting from disease.
- Breakage of glass.
- Falling objects.
- Weight of ice, snow or sleet.
- Sudden and accidental tearing apart, cracking, burning, or bulging of a steam or hot water heating system, an air conditioning or automatic fire protective system, or appliance for heating hot water, except loss caused by or resulting from freezing.

- Accidental discharge or leakage of water or steam as a result of the above cause of loss.
- The broad form of the policy will pay for personal property damaged by leaking water or steam, and if parts of the building or structure have to be torn out and replaced in order to make repairs to the damaged system or appliance.
- The policy excludes the cost to repair the defect that caused the leakage; loss or damage caused by continuous or repeated seepage or leakage; loss or damage caused by discharge or overflow occurring off the insured location; for loss on a building vacant more than 30 days; and for loss or damage caused by or resulting from freezing.
- Freezing of a plumbing, heating, air conditioning, or automatic fire protective system or a household appliance.
- The policy excludes losses while vacant, unoccupied, or being constructed, unless the insured uses reasonable care to
 maintain heat in the building or to shut off the water supply and drain the appliance or system.
- Sudden and accidental damage from artificially generated electrical current (Coverages A, B, C and D).
- Coverage is excluded for loss or damage to tubes, transistors or similar electronic components.

SPECIAL COVERAGE

Covered Causes of Loss means risks of direct physical damage, unless the loss is excluded. The following are exclusions applicable to special coverage in the Farm Property form:

- Fire, if loss or damage is sustained by buildings or contents usual to tobacco barns, as a result of using open fire to cure or dry tobacco, and occurs while tobacco is being fired or within a 5-day period thereafter.
- Collapse, except as provided in the additional coverage entitled Collapse.
- Windstorm or hail to dairy or farm products in the open, or watercraft or their trailers, furnishings, equipment and motors, unless in fully enclosed building.
- Rain, snow, ice, or heat to personal property in the open.
- Rain, snow, sleet, sand, or dust, whether driven by wind or not, to the interior of a building or structure or property within, unless the building first sustains wind or hail damage to roof or walls.
- Freezing or thawing, or pressure or weight of water or ice to foundations, retaining walls, pavements, patios, fences, swimming
 pools, or bulkheads, docks, piers, or wharves.
- Discharge or overflow of water or steam from plumbing, heating, air conditioning, or automatic fire protective systems or within
 a household appliance, if in the form of continuous seepage over a long period; is caused by discharge taking place off the
 insured location; caused by freezing in a vacant or unoccupied building, unless heat is properly maintained or the water supply
 is shut off; if in a building or structure vacant for more than 30 days.
- Freezing of plumbing, heating, air conditioning, or automatic fire protective system, unless heat is maintained or the water is shut off.
- tires or inner tubes if caused by collision, upset or overturn; contact between a tractor and an implement during towing, hitching
 or unhitching; foreign objects taken into any farm machine or mechanical harvester; and contact of a vehicle with a roadbed or
 ground, causing loss to farm machinery.
- Artificially generated electrical current that disturbs electrical devices, appliances and wires, and to tubes, transistors or other electronic components (under Coverage A, B, C and D).
