

MILLHOUSE BRASS

INDUSTRIAL RESTORATION

Embrace the former glory of your industrial interior with Millhouse Brass. The juxtaposition of modern finishes vs time-worn designs create a layered and considered interior. Millhouse Brass showcases modern and bold designs but captures every element of the classic Bauhaus style.

MILLHOUSE BRASS

INDUSTRIAL RESTORATION

5MM SLIM ROSE

The Millhouse Brass range features a 5mm slim sprung rose. The slim rose allows the lever to blend into the door, therefore creating a minimalistic streamlined look.

SOLID BRASS

Millhouse Brass designer levers are made from quality solid brass. These premium levers are very durable as solid brass ironmongery weathers well over time under normal circumstances and use.
