

# HOW DO I KNOW IF MY SKIN IS AFFECTED BY MENOPAUSE?

Find out how  
your skin is  
changing and  
ageing

Before, during and after **MENOPAUSE**.

**PERI-MENOPAUSE**

Low oestrogen levels lead to  
menopausal symptoms

**HOT FLUSHES**

**NIGHT SWEATS**

**VAGINAL DRYNESS**

**MENOPAUSE and POST MENOPAUSE**

Very low oestrogen levels

Oestrogen levels  
start to fall as  
women advance  
into their 40s

Peri-menopause  
and menopausal  
symptoms can start  
months or several  
years before  
menopause

Menopause  
typically occurs  
between the  
ages 45-55.  
Average is 51

# DID YOU KNOW?

OESTROGEN plays a vital role for your SKINS HEALTH and APPEARANCE?

→ Oestrogen activates key skin cells to produce collagen, elastin and hyaluronic acid.

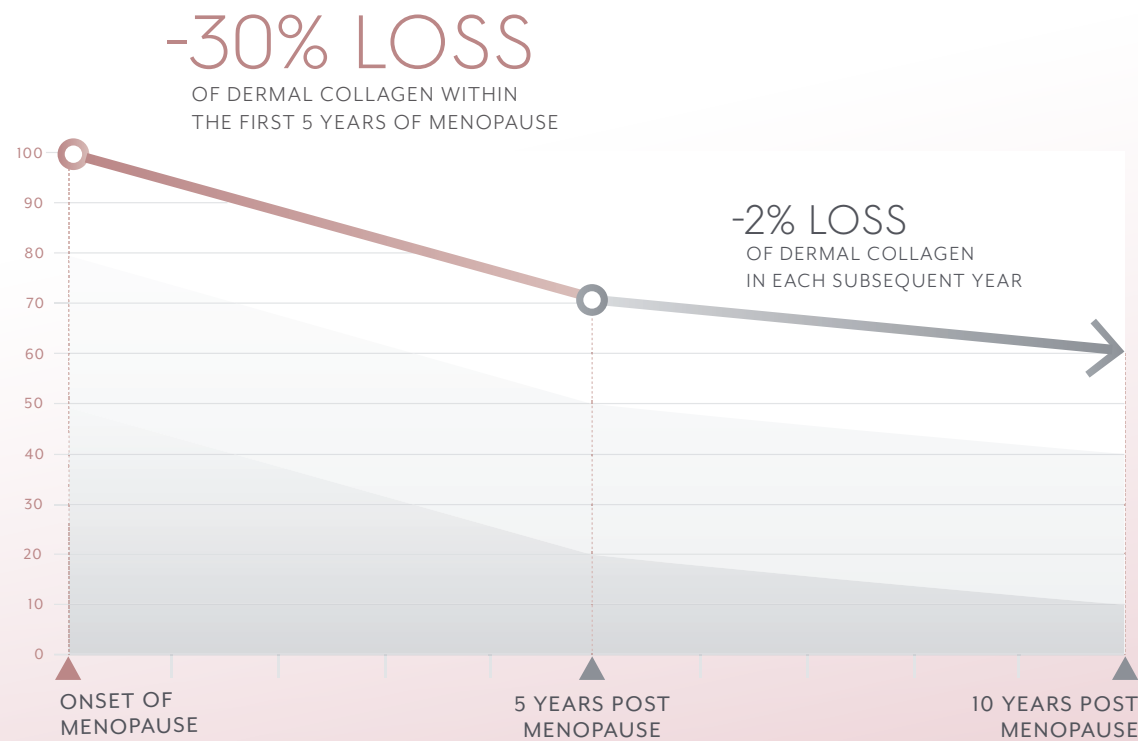

Hydration  
Firmness  
Luminosity

MAINTAINING HEALTHY,  
VIBRANT, YOUNGER  
LOOKING SKIN

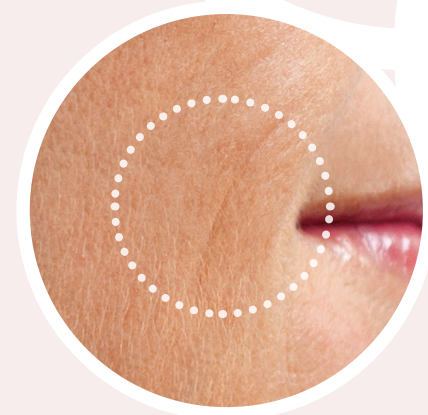

During and after menopause **LOW OESTROGEN** levels cause skin to age more quickly than at any other stage in a woman's life.

Before, during and after menopause **LOW OESTROGEN** levels cause **ACCELERATED** collagen loss and skin ageing.

DRYNESS  
LAXITY  
WRINKLING  
DULLNESS

LOVE YOUR SKIN

# REDEFINE HOW IT AGES

BREAKTHROUGH INNOVATION

to help rejuvenate,  
restore and  
rebalance  
skin affected  
by menopause  
with MEP  
Technology®

## How does MEP TECHNOLOGY® work?

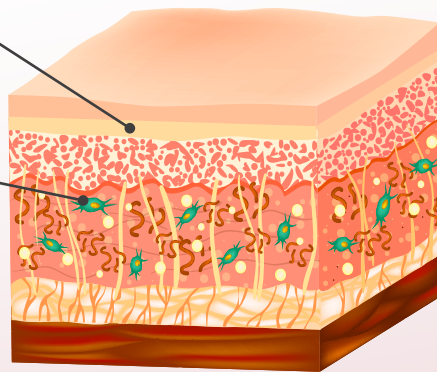

Normal oestrogen levels promote HEALTHY, VIBRANT SKIN

→ Key skin cells - Oestrogen receptors are activated

**KERATINOCYTES**  
Fresh, hydrated,  
skin barrier cells

**FIBROBLASTS**  
New collagen, elastin  
and hyaluronic acid

 OESTROGEN  
SKIN CELL OESTROGEN RECEPTOR

MEP Technology®  
activates key skin cells

 MEP  
SKIN CELL  
OESTROGEN RECEPTOR

Non-hormonally,  
safely and effectively

Low oestrogen levels significantly REDUCE ACTIVATION

Emepelle® featuring revolutionary  
MEP Technology®.

### EMEPELLE SERUM

Silky, light to touch and reinvigorating.

#### **Morning use**

Features unique MEP Technology®, combined peptides, niacinamide and hyaluronic acid with powerful anti-oxidants.

### EMEPELLE NIGHT CREAM

Luxurious, nourishing and restorative.

#### **Night-time**

Features unique high strength MEP Technology®, with an advanced retinoid combination, peptides niacinamide, hyaluronic acid & intense moisturisers.

Clinically  
proven to target  
skin ageing  
caused by  
menopause
