

Buy Now, Pay Later for Auto Repair

Offer your customers a manageable monthly payment plan with **Buy Now, Pay Later (BNPL) powered by QuickFee**. Customers can pay their auto bills over time with an existing credit card: no hard credit checks, no lengthy approvals.

Drive revenue, referrals, and loyalty:

- + Improve cash flow on both sides of the table.
- + Build customer relationships with a flexible option.
- + Give customers the power to manage unplanned expenses.

What sets this BNPL apart?

- + Uses their existing credit card.
- + Lets customers pay at their own pace.
- + No new financing or fees.
- + No interest when installments are paid off each month.

How does it work for my customers?

When your customer chooses Buy Now, Pay Later, they will only be charged for the first installment (out of 4 total) on Day One. The rest is pre-authorized on their available credit limit.

Your customers select BNPL powered by QuickFee as a payment option in your portal.

Customers enter their credit card information and purchase amount.

Their credit card is charged once a month until the balance is paid off!
