NEW OWNER INFORMATION SHEET

AKC Dog Registration Name.

When you start to think of registration names for your new dog, you'll want to double check the name against the AKC registration website to make sure that it's not already being used.

In order to do this, you'll need to go to www.akc.org/register/information/naming-of-dog , click on the blue button 'Dog Name Check'. Choose the breed 'Golden Retriever' from the drop down menu. Enter your Last Name and then enter the registration name for your puppy that you'd like to check availability on.

**** Make sure to enter BIRCHWOOD at the beginning of your registered name when checking availability (this is required by us for all of our puppies) ****

You are allowed 36 character spaces (including letters and spaces) which needs to include Birchwood. If you need additional space, AKC does allow an extended dog name for an additional \$10 fee (see total fee schedule below). If you have any questions or need any help with the naming process ... please do not hesitate to ask us!
