 BED BUG PREVENTION: LET’S KEEP OUR HOMES BUG-FREE!

CHA is currently addressing bed bug infestations in our communities.
Residents can help prevent the spread by taking a few simple steps:

 Prevent & Protect

Keep your home clean and clutter-free, especially around beds and furniture.

Regularly clean floors, mattresses, and furniture.

Wash bedding and clothing regularly using hot water and high heat in the dryer when appropriate.

Avoid bringing used mattresses, furniture, or other items into your home.

Inspect secondhand furniture carefully before bringing it inside.

When traveling, inspect luggage and clothing before bringing them into your home.

Do not move furniture or belongings from an infested unit to another unit.

If Treatment Is Scheduled

Please be prepared for treatment and follow all instructions provided by CHA and the pest control company. Proper preparation is important for treatment to be successful.

IMPORTANT: Missed fumigation/treatment appointments will result in a \$75 non-refundable fee, in accordance with CHA requirements.
Together, we can help prevent the spread and keep our communities healthy and comfortable!
