

Residential Window Cleaning

Introduction

Wisda Window Washing (WWW) is a local small business based out of Howell, MI. WWW is hyper focused on providing the best service possible, and is the obvious choice for your home's window cleaning needs.

Our goal is to meet and exceed your expectations and to make our business together as smooth and easy as can be. Rest assured that you are making the best decision when contracting us. We thank you in advance for the consideration and look forward to a long working relationship.

Why Choose Us

Wisda Window Washing treats every one of our clients like they're our only client. We answer the phone, and return the occasional missed call. Sadly this isn't a quality shared by many service providers these days.

You will appreciate proper and consistent communication. We'll inform you what's needed of you, and what work is and isn't provided, setting the right expectations, and greatly reducing any chance of miscommunications.

If we say we'll be there, we will be there. We show up on time and ready to get started.

All of our clients are very happy with our high quality work and level of professionalism. Many are on a regular recurring schedule. We would be happy to provide a list of references, before and after images, and answer any questions you may have.

Although it's still in the early stages, take a look through our Facebook page to see our reviews. Link: <https://www.facebook.com/wisdawindowwashing>

Pricing

Prices range widely depending on many factors and reflect our level of service. The cost of window cleaning for average homes is about \$300-\$400. Larger homes can cost upwards of \$1000. If you want a business whose operators are respectful, professional, kind, courteous, punctual, and do immaculate work that they stand behind, your search is over.

If possible, send us photos of each side of your home and we'll send you a price over the phone. Otherwise we can come out and price your home in person.

Our minimum service is currently \$250, and usually book up very fast during the warm months.

Specifications

Your windows will receive a streak-free shiny finish and our job isn't done until you are satisfied.

When cleaning screens, we remove them, thoroughly wash and dry the mesh and frames, wipe the exterior window track, and reinstall the screens. Finally, any remaining solution is cleaned up, and the sills get a wipe down. Extra precaution will of course be used around any electronics and other vulnerable items. At the end of every job, we do our own walkthrough to complete the occasional touch-up.

Deep cleaning the window tracks is an additional service we offer. The track is brushed out and vacuumed, then scrubbed to clean up any algae, mold, or remaining dirt.

Removal of paint, silicone, mineral deposits / hard water stains, and other stubborn debris are typically not included in regular cleaning as they require considerably more time. Although mirrors, foyers, and interior windows between rooms etc are not usually included in our estimates, we are happy to add those items if you'd like them to be professionally cleaned.

Equipment

We will be providing all the required tools, supplies, and equipment. We only use professional grade window cleaning tools to work efficiently, safe, and at the highest quality.

Maintenance

We would be glad to service your home as often as needed. For all homes, we recommend contracting us to clean inside and outside each spring and fall. Exterior-only may suffice every-other visit.

If you'd like to keep the home looking top-notch and professionally clean, consider having us clean before any parties.

We'd be more than happy to handle the cleaning of your gutters as well.

Other Services

If you need any additional work done, or if there is any other way we can help you and your family, please let us know as it is our goal to serve you.

WWW cleans for residential and commercial, both inside and outside. We professionally clean windows, screens, mirrors, interior windows between rooms, solar panels, gutters, window frames, casings, sills, and deep clean tracks. We build new screens and remesh old screens.

Have us clean for your office, church, rental properties, and new construction too.

WWW also offers Christmas light installation, removal and storage, limited interior painting, and some small drywall repairs.

We have referrals for our fantastic pressure washing partners and for our other favorite reputable service businesses as well.

Window Cleaning Quote

Estimate #01231	
ITEM	PRICE
Interior window cleaning	\$
Exterior window cleaning	\$
Screen cleaning	\$
Stubborn paint/debris/silicone removal	—
Hard water stain removal	—
Total	\$

The above price includes all labor, taxes, insurance and equipment unless otherwise specified. All work will be completed in a professional manner according to standard practices. Any alteration or deviation from the specifications involving extra costs will be executed only upon written orders and will become an extra charge above the estimated cost. For your protection Wisda Window Washing is fully insured. Certificate of insurance available upon request.
