For those  
who don't  
want to spoil  
the view.

dock·Rail™

# dock·Rail™

NEW for 2025, offering a seamless transition from land to water! DockRail™ is engineered to ensure long-lasting beauty and durability, perfect for the freshwater or marine environment.

## Powder-Coated Aluminum Frame

DockRail™ Rail and Post Kits are designed for level dock applications. Powder-coated aluminum posts come pre-drilled for CableRail fittings and cables. Posts are fascia mount with no bottom rail for that sleek and modern look.

## Marine-Grade Cable Railing

Feeney CableRail fittings and cable are manufactured from high-strength, marine-grade stainless steel for weather-tough durability, low maintenance, and lasting beauty.

CableRail Kits feature Quick-Connect® technology to make installation a breeze.

# DockRail™ Color Options

**TEXTURED BLACK**

**SILVER**

**BRIGHT WHITE**
