

Whole Life Insurance

Provides a cash benefit directly to your beneficiary

THINK ABOUT THIS

Reasons for purchasing life coverage include: replace income, final expenses, wealth transfer and mortgage payoff¹

42% of families would face financial hardship within six months, and **25%** would suffer financially within a month¹

Over half of U.S. households rely on dual incomes (**54%**),² and, for many, losing one income could be devastating to household finances

With an unexpected death — you don't want to leave behind financial obligations. Whole Life Insurance from Allstate Benefits can help your family realize the goals and dreams you shared together, and builds cash value you can draw on while still alive.

Here's How It Works

- Select the coverage that's right for you and your family*
- Then if you pass away, your beneficiary files a claim
- A lump-sum cash benefit is direct deposited or a check is mailed and can be used however they wish

Protecting Your Finances

With planning, the death benefit can pass to your beneficiaries free from state or federal estate taxes. Consult with your tax advisor for specifics.

Practical benefits for everyday living.®

Meeting Your Needs

- Fully-guaranteed death benefit (premiums payable to age 95)
- If you live to age 121, a lump-sum maturity benefit is paid
- Child(ren) may be covered**
- Affordable premiums

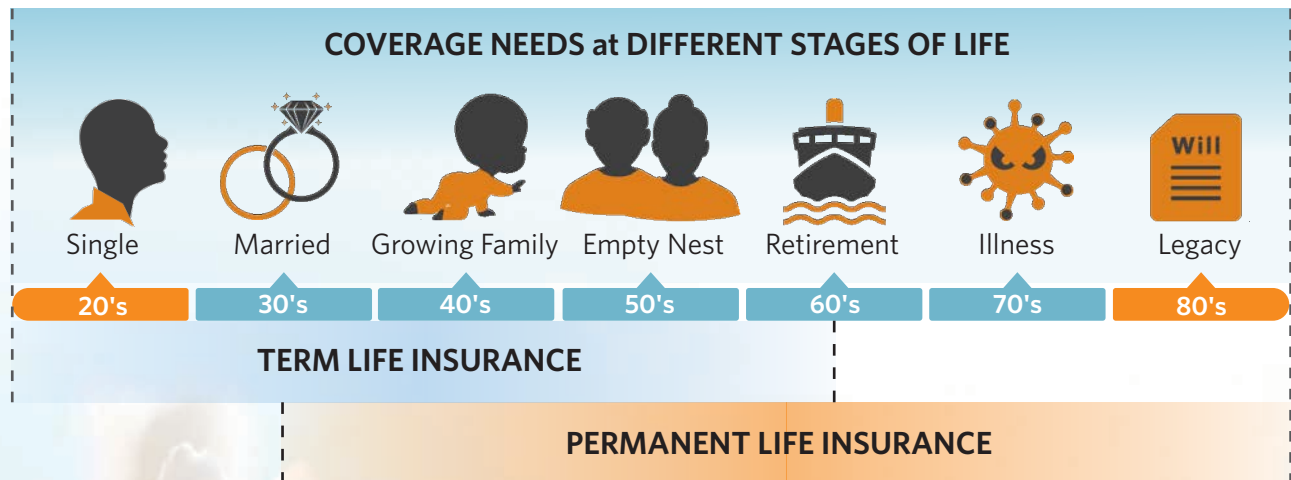

¹Allstate Benefits is the marketing name used by American Heritage Life Insurance Company, a subsidiary of The Allstate Corporation. ²2021 Insurance Barometer Report, LIMRA. ³U.S. Bureau of Labor Statistics, Consumer Expenditure Survey, *ibid*. *You may be required to answer health questions at enrollment. Coverage may be available with reduced underwriting through your employer during your initial enrollment period. If you enroll after your initial enrollment period, answers to health questions are required. **Coverage for child(ren) may be limited to a percentage of the employee's face amount in some states.

There are moments in life that cause us to think about how our loved ones would make ends meet, if we died unexpectedly and their financial support was reduced.

Coverage for all stages of life

As people move through the stages of life, certain factors dictate the type of life insurance they need. During working years, an employer may provide Term Life insurance, but the wraparound coverage of our Group Whole Life product can help give peace of mind because the money you spent builds cash value that you can use later in life or add to the term benefit payout. The graph below illustrates the need for term and permanent whole life insurance throughout the various stages of life.

Here are some of the ways the cash benefits can be used

Finances

Can help protect HSAs, savings, retirement plans and 401(k)s from being depleted

Home

Your beneficiary can use the cash benefits to help pay the mortgage, continue rental payments, or perform needed home repairs

Expenses

Can help pay your family's living expenses such as bills, electricity, and gas

The examples above detail fictional thought processes and needs; your individual needs and reasons for coverage may vary.

Prepare for the future today

Review and check some or all that apply.

- You're the primary wage earner and your family would have trouble living comfortably without your income
- You have regular debts, like mortgage, car payment or credit cards
- You have children under 18
- You want permanent, fully guaranteed coverage
- You'd like to offer a tax-free death benefit to your beneficiary

Here's how Group Whole Life works

Premiums are payable to age 95 and are conveniently payroll deducted. The longer the policy coverage continues and premiums are paid, the more the cash value builds.

Cash values and payments

As premiums are paid, the policy is building cash value over time. Premiums are guaranteed at issue and the coverage becomes fully paid-up at age 95 if all premiums have been paid.

If the decision is made to stop paying premiums after the coverage is effective and has developed cash value, various non-forfeiture options are available. Extended Term Insurance (ETI) is the default non-forfeiture option when premium payments stop and there is no active selection made to continue coverage. ETI reduces the duration of coverage (now a shorter term instead of whole life), but provides the same amount of death benefit.

With proper planning, the death benefit can pass to your beneficiaries free from state or federal estate taxes. Please consult with your tax advisor for specific information.

Benefits

GROUP WHOLE LIFE INSURANCE PROVIDES EITHER:

Death Benefit - pays a lump-sum cash benefit when the insured dies

Maturity Benefit - pays a lump-sum cash benefit if the insured is still living at age 121

Accelerated Death Benefit for Long Term Care with Restoration of Benefits - a monthly advance of 6% of the death benefit for up to 17 months while receiving qualified long-term care services after a 90-day elimination period when certified chronically ill by a licensed health care practitioner. The restoration benefit restores the death benefit and cash value to the pre-acceleration amounts. Premiums are waived for the months when the benefit is payable

The riders have exclusions and limitations, may vary in availability by issue or termination age, and may not be available to all covered dependents or in all states. Additional premiums may be required for riders added to coverage.
