It is housed in the building of Late Shri Ram Krishna Panda, ex Principal of Marwari School, Ranchi and recipient of the National Teachers' Award from the Hon'ble President of India. The centre has been named "Shri Ram Krishna Panda Study and Skill Centre" after him. The Shri Ram Krishna Panda Study and Skill Centre has 5 classrooms which caters to the study centre, one library, rooms for the Beauty Parlour Training and Sewing & Tailoring, two storerooms and two restrooms separate for girls and for boys. - The children of the village and nearby places get free tuitions in our study centre, where the two dedicated local teachers hired by the Foundation teach and assist the children. The study centre runs from 2.30 pm till 5.30 pm after school hours. There are holidays as per the school calender except that the study centre runs and holds classes during the summer and winter vacations. The study centre complements the village school. The study centre has evinced great interest

among the children

and their parents of the village. There is only one middle school in the village. The teacher student ratio of the school is very poor. The children are now getting personal attention and help in their studies in our study centre. Tests are also taken to assess the progress of the students. As a result, they are picking up well. The children range from class 1 to class 8. The children attend classes at the study centre

regularly. The popularity of the study centre is growing day by day. Also, some

children who are not enrolled in any school due to variety of reasons like lack of Aadhar card etc are coming to the centre regularly and are learning.
