

PRODUCT SHEET

Smooth Gold Treatment

Date of Release: 02/19/2025

Components:

- Smooth Clarifying Shampoo
- Smooth Gold Treatment
- Smooth Gold Mask Step 3
- Gold Serum

Professional acid smoothing system, free of aggressive chemicals, its formula is optimized with proteins and amino acids that transform the hair, by repairing it and leaving it smoother and shinier. This treatment is ideal for natural hair, which is more resistant to the change.

How to apply (follow steps carefully):

1. Perform a hair diagnosis to determine success expectancy in terms of results and product handling.
2. Wash hair 2 to 3 times with **Smooth Clarifying Shampoo**® that cleanses the hair leaving it free of residue and preparing it for **Smooth Gold Treatment**®.
3. Remove excess moisture by **80%**, sectioning hair into thin strands, then apply the treatment 1cm away from hair root, and leave it on it.
4. Time of Exposure:

Condition of Hair	Temperature	Number of Repetitions
Natural	430 °F	12
Processed	400 °F	10
Highly Processed	350 °F	8

5. Wash hair with Gold Shampoo® and apply Smooth Gold Hair Mask System 3® to neutralize and stabilize the change given to the hair. Leave work for 5 minutes.
6. Brush and use and heated iron to flat the hair.

Note: Customer may go to beach, pool or gym; no matter if exposed to sun, water or heat.
