Gas
Dark Gray

Key Features

Available Fuel Types: Liquid Propane (LP) or Natural Gas (NG).

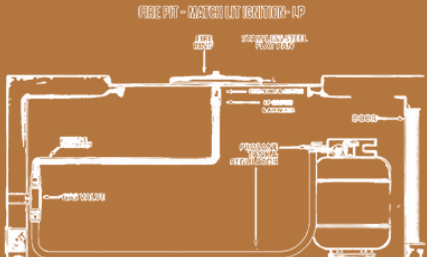

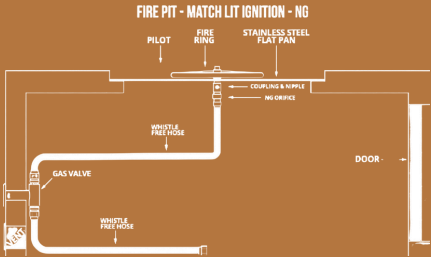

Surface Area: The exposed concrete surrounding the burner is engineered for durability and heat resistance.

Construction: Made with high-quality materials to ensure longevity and consistent performance.

Burner System: Optimized for efficient and steady flame output.

Gas Installation Guide

Model: LT-58-38-BL – Fuel Options: Natural Gas (NG) or Liquid Propane (LP)

◆ Natural Gas (NG)

Use a rigid 1/2" or 3/4" gas line.
Install a manual shut-off valve near the fire pit.
Connect to the gas inlet using approved fittings.
Test all connections for leaks before lighting.
Follow ignition instructions to turn on.

◆ Liquid Propane (LP)

Use a standard LP tank with regulator and hose.
Place the tank in a well-ventilated area, away from the fire pit.
Hand-tighten all connections and check for leaks.
Open valve slowly and ignite per instructions.

⚠ Important

Installation must be done by a professional.
Check for gas leaks with a soapy water solution.
Never store spare tanks near the fire pit.
Ensure proper ventilation at all times.

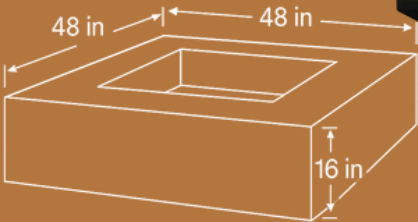

PRODUCT OVERVIEW

Product Overview

The CB-48-48-DG Cabo Fire Pit is a sleek, square gas fire feature ideal for contemporary outdoor settings. With dimensions of 48" by 48", its balanced proportions offer a centered burner and wide concrete surround, perfect for gatherings and cozy evenings. Its minimalistic design and clean lines bring a bold visual presence to any outdoor environment.
