

## *Family Specials*

My family have been making wine in the village of Martigné-Briand in Anjou, Loire Valley for 5 generations.

My father (Olivier) took over the 10 hectares from his grandfather's land in 1984 and my brother (Baptiste) took half of this in 2012.

In the field, everything is worked by hand with the help of our shire horses following organic and biodynamic principles.

In the cellar, no chemicals or sulphate are added to the wine and only old vinification methods are used.

We're very excited to share some of their cuvées with you.

Clément.
