DAY CARE

KAILIN J. MARDONES: PROGRAM DIRECTOR

I was born in Santiago de Chile. I came to the U.S. as an immigrant in 1997 and have made the Bay Area my home ever since. My passion for working with children started when I was tasked at a very young age to care for my younger siblings. I took naturally to the endeavor and have always been fascinated by children's natural inquisitive nature and their amazing resilience. I have made it my life's work to provide a safe, warm, creative, and fun place for children to thrive. This is the reason why I started Mis Amigos Day Care. I believe that children should grow, learn and excel by feeling secure, loved and nurtured. It is my goal to provide an environment that engages children with developmentally-appropriate activities and materials. In my program, children will feel supported as they engage with new ideas and learnings.

My program follows a play-based philosophy. I believe that children learn social, cognitive and emotional skills by exploring new experiences. My environment is responsive to the children in my care and allows each child's own interests to help facilitate their learning and engagement.

I am a dependable and high-energy, child care professional with a passion for making an important impact on the foundation of a child's education. I am valued by my client families for warmth, professionalism, dedication and excellent judgment.

My promise to parents is to provide care with an unwavering commitment to ensure the safety and welfare of their most valued possession, their children.

PAZ BETTANCOURT: LEAD TEACHER

I was born and raised in Chile. I came to the U.S. in 2009 and fell in love with the beautiful city of San Francisco. When I found a job as a nanny, I knew it was my calling.

It was easy for me to realize my love for working and caring for children being from a large family myself. Seeing their growth and progress in learning is the most rewarding thing for me and is the reason I decided to be a part of Mis Amigos Day Care.

I believe in providing a safe space to nurture each child's unique abilities, where they can learn and develop their skills physically and mentally for the future. My approach applies a play-based philosophy which includes activities such as: circle time, reading books, singing songs, arts and crafts. I also want to instill a sense of responsibility for the environment, teaching the children about sustainability and an appreciation for the planet.

My goal is to provide a happy, safe, interactive environment for the children to grow on a daily basis.
