

“Membership Rollovers”

Here’s a breakdown....

If you miss a monthly massage, you have a chance to come back **within 3 months** to use that missed massage.

The 1st massage you receive after your membership fee date is the massage for that pay period. That will not be used as a rollover. Rollovers can be used for all subsequent massages.

Example: If you miss June’s massage, but you come back in July, that is your July massage, not your rollover from June. You may schedule a 2nd appt in July to use your June rollover or so on (you have 3 months to use it).

If you have any questions, please ask!

We love and appreciate you all!
