ABOUT US

Hi-Tech is a family owned Australian manufacturer and supplier of high quality roller shutters and automation products with over 35 years of experience in the industry. Our primary focus is on the wholesale roller shutter business, and we are committed to providing all customers with the highest quality products, exceptional service and competitive pricing.

At Hi-Tech, we believe in driving innovation and constantly strive to bring new, cutting edge products to the market. All our tubular motors are custom designed and manufactured to the highest standards, and we take pride in the quality of our products, which can compare with the world's best tubular motor brand.

Our goal is to provide our customers with the best possible experience, whether they require full length or made-to-measure roller shutters. We have built our reputation on providing fast and outstanding customer service, and we are committed to ensuring that our customers are satisfied.
