

MASTERS INTERNATIONAL MUSIC EXAMINATIONS BOARD

PERFORMER SERIES

ASSESSMENT VIA JURY - VIDEO PRESENTATION

The Master Performer Series has been designed for those performers who have developed a larger repertoire and are ready to produce high-level recorded video performances.

These may be recorded via a private, or public YouTube channel, or via some other medium. Such videos need to clearly show the candidate performing.

The performance requirement includes performing in live concerts, competitions, recording studios, and/or at private or public functions.

Exception: Performances that can be verified as commercial disc recordings from a recognised studio. This exception is applied minimally for examination purposes.

- The series represents the highest levels of music performance.
- Candidates are required to build larger recorded repertoire (playlists or programs) in their areas of interest.
- Candidates may also perform their own compositions and arrangements.
- All styles and genres are acceptable.
- Performance on related, historical, or modern instrumentation is encouraged.
- Each award holds the pre-requisite of the previous one.

PERFORMING ARTIST: PA-MISM

ONLINE ASSESSMENT VIA JURY
