

G-191: ICS/EOC INTERFACE

Course Description: The course provides an opportunity for emergency management and response personnel to begin developing an Incident Command System (ICS)/Emergency Operations Center (EOC) interface for their communities. The course reviews ICS and EOC characteristics, responsibilities and functions and depends heavily on activities and group discussions to formulate an interface.

Recommended Participants: The intended audience(s) are federal, state, tribal, territorial, local level, private industry, volunteer and nongovernmental emergency management personnel who are active in a community's ICS and EOC activities. This course works best when delivered to combined audience of ICS and EOC personnel. The materials were developed with the assumption that audience members may have little or no actual experience as a member of an Incident Command Post staff or an EOC Staff.

Required Prerequisites: IS-100, Introduction to the Incident Command System; IS-200, Incident Command System for Single Resources and Initial Action Incidents; and/ or EOC Management courses; IS-700, An Introduction to the National Incident Management System; and IS-800, National Response Framework (NRF), An Introduction

Enrollment: Students must enroll via the Department of Public Safety Training Campus website: <https://learning.dps.ohio.gov/PSTC/>. Course registration will generally close 10 working days prior to the course start date. You can check enrollment/approval status via the Department of Public Safety Training Campus website.

Course Materials: Student manuals are provided electronically at: <https://ema.ohio.gov/prepare-respond/training-and-exercises/training/student-manuals>

Dates of Course:

November 7, 2025

Time of Course:

Check in: 7:30am – 8:00am

Course: 8:00am – 5:00pm
