4. Old Business

- **LEPC Exercises – Plan for 2022-2024 Exercise Cycle**

We have these objectives still to exercise in our four-year cycle:

#4: Emergency Operations Center

#11: Shelter Management

#12: Emergency Medical Services

#13: Medical facilities

Pickaway Township Fire Department is interested in having an exercise to practice triage for a mass casualty incident. We could use this to practice decontamination also. Need a host facility (PPG? Sofidel? DuPont? GP?) to help with the exercise. This could lend itself well to a functional exercise and could be done in conjunction with Adena Regional Medical Center and OhioHealth Berger Hospital.

May 2 – PCSO 911 will be moved to the EOC to facilitate an electrical upgrade. Since there is no hazmat component, the cannot be counted toward these requirements. A fentanyl in the prison cannot be the sole threat to drive the exercise for credit in this program. Mass decon could be a component and EMS mass triage.

- **HazMat training**

Hazardous Materials Operations Level training was canceled for June 10 at

July 13, 2023**

Pickaway Township Fire Department. Harrison Township will be hosting a class on October 2, 3, and 4 to accommodate personnel on a unit-day schedule.

These are regional delivery courses from the Ohio Fire Academy and will be offered to fire, EMS, and LE personnel from any agency in the County at no cost.

5. New Business

- **Tier II Reporting Facilities / Compliance Inspections / Pre-Incident Planning**

- ✓ Completed compliance visit to Roese Brothers Paving. They will be submitting their chemical inventory in the coming weeks.
- ✓ Reached out bulk propane facilities to engage in pre-incident planning. Still working to get this effort underway.

- **Spill Responses**

- ✓ May 8th, diesel fuel spill from truck crash, US 23 at Sperry Drive.
- ✓ May 8th, diesel fuel spill from truck crash, US 23 at SR 762.
- ✓ June 8th, small diesel fuel spill from a truck crash at the intersection of Badger Road and Mouser Road.

- **Cost Recovery**

No new incidents have been submitted for cost recovery.

- **Red Cross Updates**

- **Public Outreach and Education**

Mike researched shelter-in-place / evacuation materials. There are not many options. Received handouts developed by the Corpus Christi, TX, LEPC. We need to develop our own materials. Who would like to help?

Note: April 2023 meeting approved \$1,000 to help pay for these materials.

- **Orion Software**

There is some confusion about what this software is capable of doing when it comes to hazmat preplanning. Mike Sherron has a call scheduled with the company to work through these issues.

- **Bylaws and Membership List**

Need to develop a group to review these and recommend changes for our next meeting. Taking volunteers...

- **PUCO HazMat Training**
