

# Child Care—Part of Daily Life

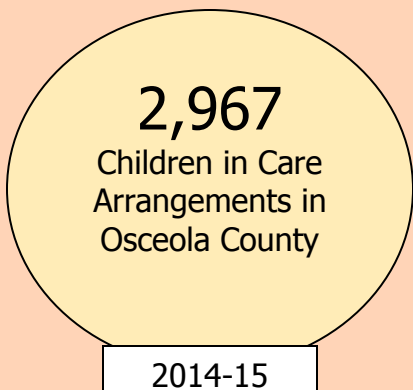

In 2011, 32.7 million US children were in regular child care arrangements while their parents worked outside of the home.

38% Preschool  
62% School Age

In Orange County 14,008 SR children were in regular child care arrangements while their parents worked outside of the home.

87% Preschool  
13% School Age

In Osceola County 2,967 SR children were in regular child care arrangements while their parents worked outside of the home.

85% Preschool  
15% School Age

## Did you know?

Parents can be approved for School Readiness funded care for work, work related activities such as training, or through referrals from other community agencies? Of the total dollars spent on funded care, 72% in Orange and 78% in Osceola Counties, goes to children of parents that meet work requirements. The next largest category is funding for at-risk children to be placed in care, at 9% and 14% respectively.
