

CONTRACT FOR GENEALOGICAL RESEARCH SERVICES

Client Name: _____ Date: _____

I would like to contract _____ hours of genealogical research at a rate of \$30 per hour.

SPECIFIC GOAL OF RESEARCH:

To avoid being charged for duplicate work, please provide all information you have already compiled on the person or family to be researched, including copies of all pertinent records.

I agree that the research will be conducted under the following conditions:

- A deposit of 20% of the total commissioned project fee (____\$) is required prior to project start. This deposit will be applied in its entirety toward research fees. Any unused funds will be returned to the client.
- The balance of the fee (____\$) will be due at project completion, with the final research report delivered after the balance due is paid.
- Photocopying costs or library access fees associated with this commission may be charged to the client. This will be discussed with the client prior to charge.
- It is possible that this research does not result in a solution to the research question identified. It is understood that time leading to negative findings is also charged.
- It is understood that unexpected results may be uncovered in any genealogic research.
- Acceptable forms of payment include Venmo and Zelle.

The researcher, Susan C. Kim, agrees to provide a detailed report, including a listing of all sources evaluated, analysis of findings, explanation of results, and recommendations for further research. She will also provide an itemized report of time spent and expenses incurred.
