Pipeline, visit **BGE.com/OperationPipeline**

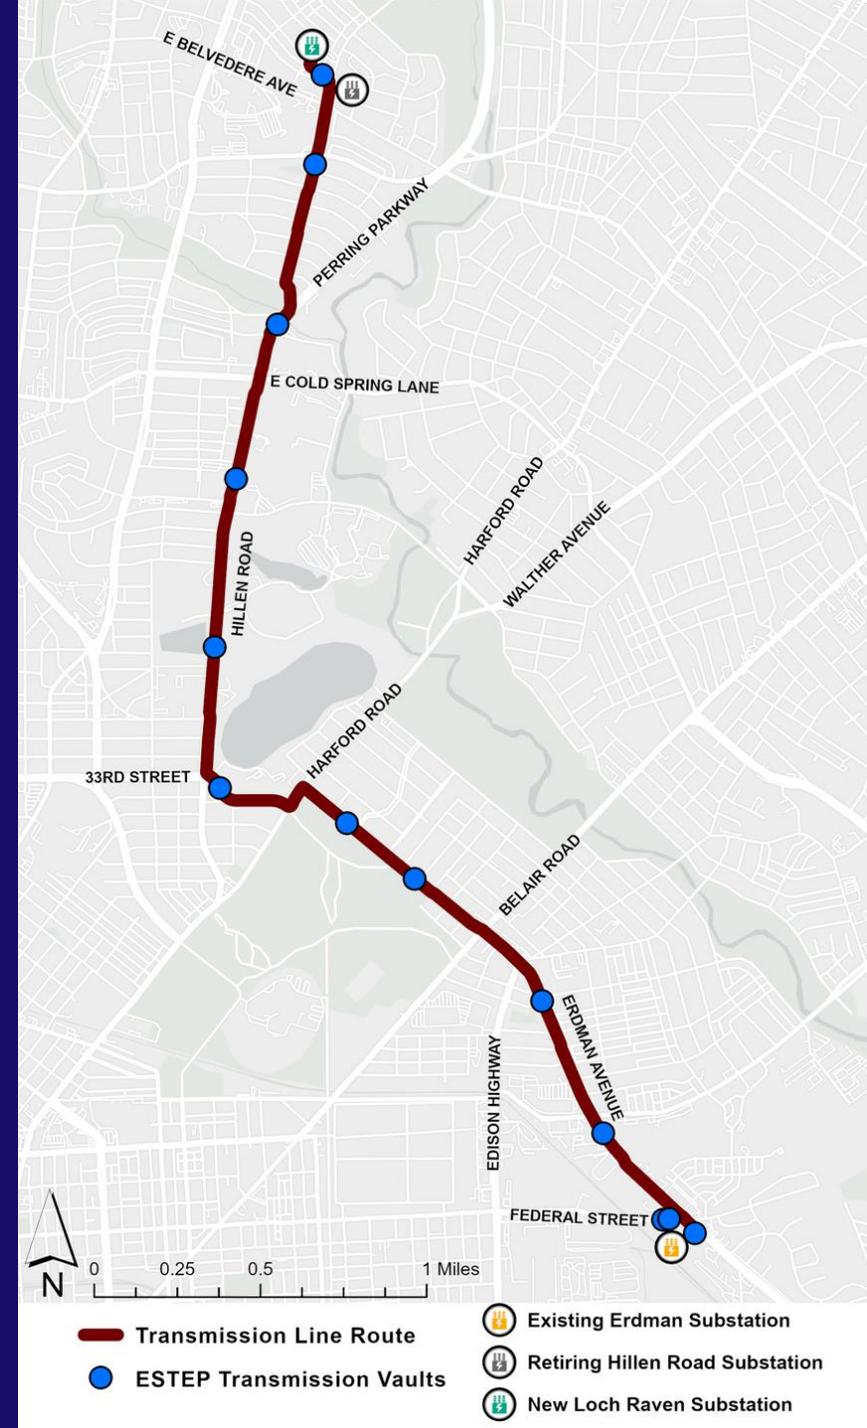

# Transmission

# Transmission Project Purpose

- To increase the reliability and resiliency of the energy grid in Baltimore City and meet increased distribution demands
- To reduce potential long-term customer outages and improve the transmission supply for residential and commercial customers in the area
- To upgrade aging infrastructure to meet BGE's commitment to environmental stewardship

# Project Location

- **Erdman Substation** is located on the SW side of Erdman Avenue and Federal Street.
- The installation of the 115kV **Underground Transmission Line** (approximately 4.5 miles long) will begin at the Erdman Substation and connect to the Loch Raven Substation.
- The new **Loch Raven Substation** will be located on the NW corner of Ramblewood Road and Hillen Road and replace the existing **Hillen Road Substation**

# Project Timeline

# Construction Work Schedule

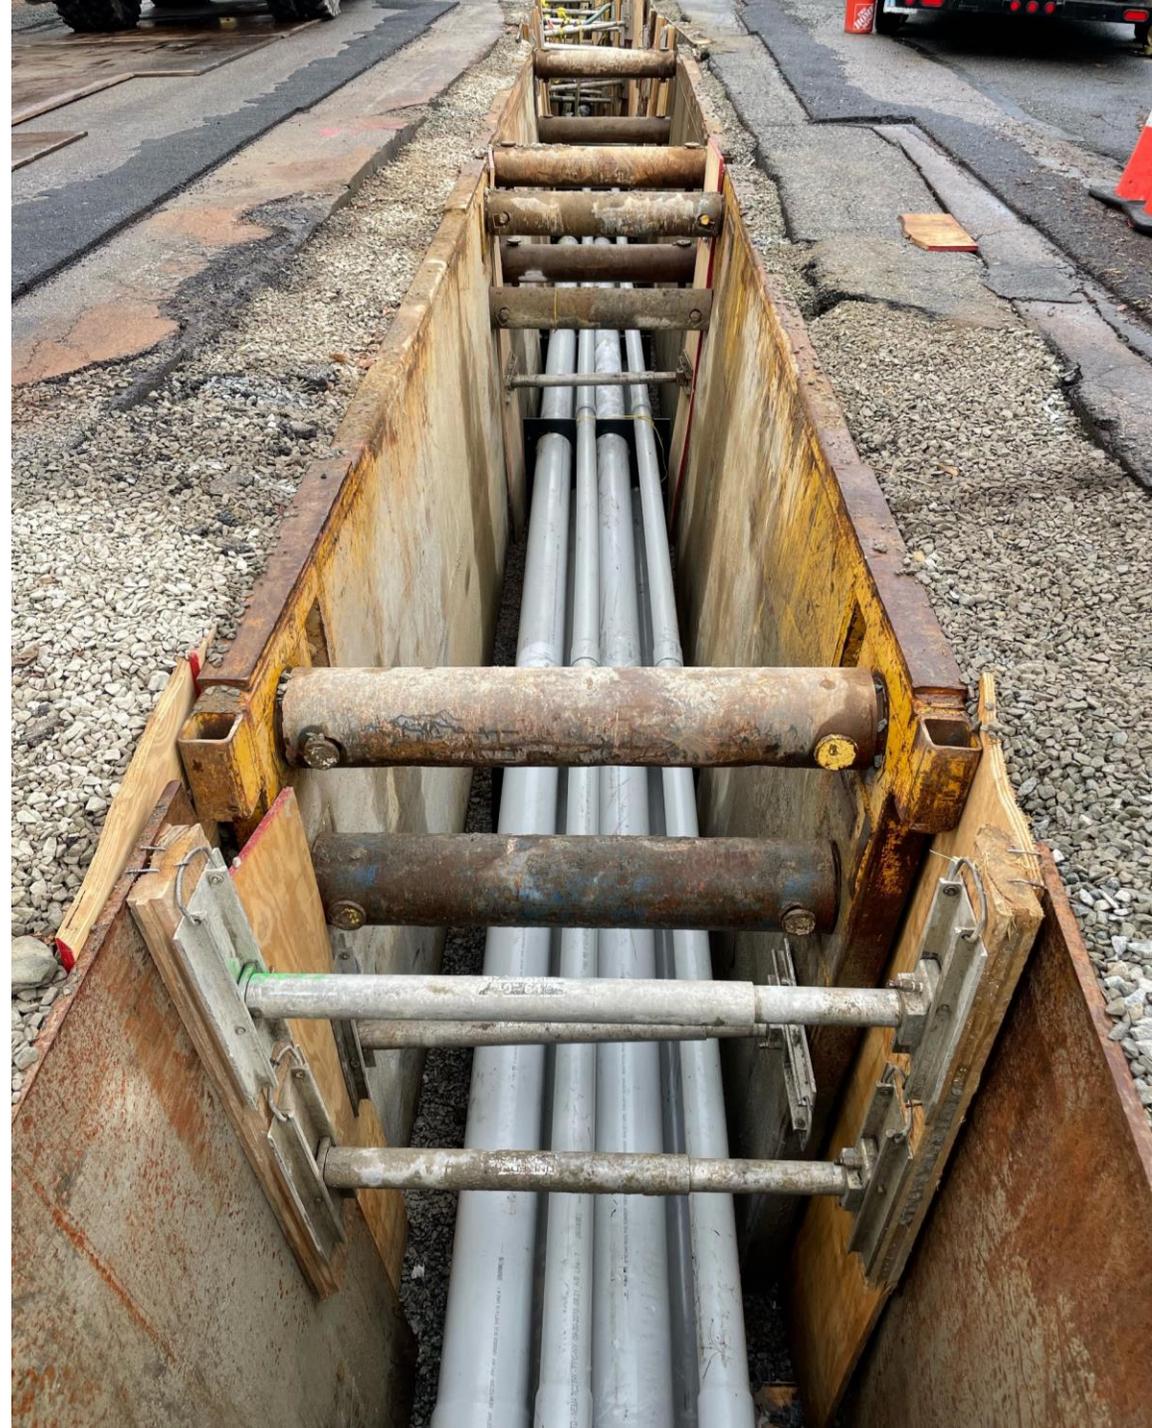

- Work will occur from **Monday to Friday, 9:00 a.m. – 3:00 p.m.**
- Minimal weekend work will be required
- Overnight work is anticipated

*Port Covington: Clare Street Substation (Ongoing 2023)  
Annapolis Road & Clare Street*

# What to Expect During Construction

- Roads will have temporary lane closures and detours as needed
- Construction noise may be noticeable during work hours
- Access to homes, businesses, and schools will remain available. Any adjustment will be coordinated.
- Transmission line construction will occur in 4 to 6 block phases
- Construction activities will occur simultaneously along different parts of the project corridor
- Sidewalks impacted by construction will be upgraded to be ADA compliant

# Restoration Efforts Sample Photos

- BGE is currently studying impacts to the median of Hillen Road
- BGE will restore roads, sidewalks, and landscaping in phases and is responsible for final restoration efforts
- BGE will restore sidewalks impacted by construction to be ADA compliant

Temporary Restoration

Finished Restoration

*BOP Project Union Square (Completed 2022)*

*W. Lombard St. & S. Gilmore St.*

# BGE Emergency Contact Information

- **Smell natural gas? Don't wait. Get out fast and call 911 or 877.778.7798.** BGE will check it out 24/7 at no cost to you. Leave the premises, go at least 100 feet away, and do not return until authorities say it is safe.
- **For downed power lines, stay away from the area and call BGE at 1-877-778-2222 or 1-800-685-0123.**
- Representatives are available **24 hours a day, 7 days a week.**
- A service person will visit **free of charge** to check for an emergency.
