Happy Spring! Happy April! Hope that all of our dear Building Blocks families are staying safe and well. Mother Nature has been making up for our circumstances and sending us an explosion of buds and flowers, birds and critters to brighten our days.

We wanted to reach out and thank you for all of your cooperation with lessons and tying up loose ends at the end of March. It seems as if it happened in such a flurry, just as you were acclimating to our new way of school life.

By now most of us are getting into a new routine. Hoping that the children are still finding ways to incorporate a little learning into each day. For the Pre K gang, I'm hoping *you* are keeping up with your letter and number practicing each day. *(Parents feel free to use this note as a "Miss Colleen is checking in to make sure you are working on your letters and numbers!")*

As further restrictions have us quarantined until April 30, it is looking grim for returning to school this year. But keep in mind that we have our plan, should things open up mid-May, and we would reach out to you with those updates.

Should restrictions lessen, a bit, we have an idea to put together a little school parade – with safe distancing in mind, for someday in early May. It would be a nice way to "see" familiar faces and to let the children "feel" our continued connection to them. I will certainly elaborate on that idea depending on how things are going as this month unfolds.

As a reminder, if you have any school business that you need help with, please feel free to reach out to Michele at office@bblcinc.com.

Keep up with your safe distancing practices as a peak in illness is predicted this month. I will continue to enjoy keeping up with you through the pictures you've posted on Facebook.

Miss you all so much!
