# ABOUT US

The Giving Tree Montessori School was established in 2025 by a family deeply passionate about the Montessori philosophy. Aiming to offer our youngest learners access to a Montessori program, they encountered lengthy waiting lists. This led them to create a school and warmly invite others to be a part of this journey.

At The Giving Tree Montessori School, we follow the Montessori philosophy that emphasizes on a child-centered approach to education. We believe that each child is unique and has the potential to learn and grow at their own pace.

# OUR FACILITIES

Our school will be housed in a beautifully restored historic barn, revitalized by our founders. The grounds will feature a natural playground, space for a garden, and areas designated for small animals.
