

Issaquah Special Education PTSA

Mission:

Our Mission is to build community, empower families, and advocate for students with disabilities within the boundaries of the Issaquah School District.

Vision:

Students with disabilities within the Issaquah School district will receive a high-quality education that enhances their well-being, meets their individual needs, and prepares them for the future.

About Us:

The Issaquah Special Education PTSA is a district-wide volunteer-led non-profit organization serving teachers, staff, families and students who are part of special education. We formed to build community and share resources among families receiving services including; Individualized Education Plans (IEPs), 504 Plans, Early Childhood Education Program (ECE), Learning Assistance Program (LAP) and the Academy for Community Transitions Program (ACT). We are also here to serve and support students and parents struggling in the general education setting that do not qualify for special education services and those just beginning their special education journey. You are not alone and neither is your student, welcome.
