

At Wincore®, Building
Great Windows and
Doors Means One
Very Important Thing.

Hope.

Wincore® is proud to support Tough Enough To
Wear Pink™, a non-profit organization diligently
working in the fight against breast cancer.
Which means every window and door we make
helps to bring us one step closer to a cure.

**TOUGH ENOUGH
TO WEAR
PINK™**

WINCORE®
WINDOWS & DOORS
The way it should be.™

Pretty in pink.

If you want to build a better window, you have to start with people who not only know *how* to build a better window, but also understand that there is *more* to life *than* windows.

That's why, from day one, we assembled the best and brightest in the industry and created a team with a proven track record for building beautiful windows and doors. But more importantly, they have a proven track record for giving back to their communities and the things that really matter. They're people with heart. And their commitment can be seen throughout our entire organization.

It can be seen in our streamlined manufacturing processes that minimize waste. Our partnerships with local elementary schools to provide classroom materials for kids. And doing our part in the fight against breast cancer.

Because breast cancer has touched so many lives, including a few of ours, we determined early on that we needed to do what we could to help fight it. That's why we made a long term commitment to take a portion of our sales and make annual donations to Tough Enough to Wear Pink™ — a non-profit organization dedicated to fundraising and increasing awareness to benefit breast cancer research. In the grand scheme of things, it may not seem like much. But our thought is, if each one of us does a little, it won't be long until we all accomplish a whole lot.

TOUGH ENOUGH
TO WEAR
PINK?
