Introduction

In 2018, the Office of Child Protection (OCP) released its [Permanency Report for Los Angeles County Foster Youth](#). Multiple research studies have demonstrated the importance of achieving permanency (being adopted by a family, returning home to live with a biological parent or parents, living with relatives, and/or living with a legal guardian), and the need to address challenges surrounding permanency to improve outcomes for youth who are or have been involved in the foster and/or probation systems. Youth who exit foster care without a permanent family or adult connection have a higher risk for increased rates of homelessness, poverty, teen pregnancy, a lack of education, and involvement with the criminal-justice system. Having a stable, permanent family and supportive community is linked with youth being able to successfully attain permanent housing, higher education, self-efficacy, and social/emotional well-being.

Caregivers and youth were interviewed for the 2018 report, and one topic repeatedly mentioned was a concern around public benefits—both the potential loss of benefits following adoption, and the lack of information on available benefits. For example, some caregivers/youth believed that once youth turned 18, they could not be adopted, and once adopted (at any age), they lost access to benefits. Not necessarily. Older foster youth have permanency options—including non-minor dependent adoptions—that leave them still eligible for Adoption Assistance Payments and Independent Living Program benefits.

These charts were compiled to provide a comprehensive resource¹ of foster-youth benefits to assist youth and caregivers, particularly when making permanency decisions. This document also includes a section on benefits and entitlements that can potentially still be accessed (depending on case circumstances) once a youth exits the child-welfare system.

Please note that while some benefits may not be available once a youth leaves foster care, youth who achieve permanency have better outcomes and more supports available as they work towards self-sufficiency.

For the purposes of this document, the term “foster youth” is defined as youth ages 14 through 20 years old, with open/active cases with DCFS, including Family Maintenance, Voluntary Family Maintenance, Family Reunification, Permanent Placement, AB12/Supportive Transition, Kin-GAP; or youth ages 16 through 24 years old, with a closed case, who are/were Independent Living Program eligible.

We would like to thank Supervisor Hilda Solis and Supervisor Kathryn Barger for bringing forward the original motion recognizing the need for increased permanency, as well as former Supervisor Mark Ridley-Thomas, Supervisor Holly J. Mitchell, Supervisor Sheila Kuehl, and Supervisor Janice Hahn for their continued support of efforts that benefit the children and families of Los Angeles County. We also want to thank all the stakeholders who contributed and collaborated on the contents of this document, including the Alliance for Children’s Rights, CASA of Los Angeles, the Children’s Law Center, the Department of Children and Family Services, John Burton Advocates for Youth, the Department of Public Social Services, Opportunity Youth Collaborative, the Probation Department, Public Counsel, and the Workforce Development, Aging, and Community Services department.

¹ Benefit eligibility may depend on case circumstances, so please consult with your attorney and social worker about applying for specific benefits. Various benefits and programs listed in this document may have limited funding availability and caps.

*Priority enrollment/registration for some higher-education opportunities is available to youth per SB 906 which established that current and former foster youth (in care after their 16<sup>th</sup> birthday and now under the age of 26) are entitled to priority enrollment/registration at community colleges and California State Universities; the bill requested the University of California grant priority enrollment/registration as well.*

*Priority enrollment/registration is available to youth per AB 1228. This requires that CSUs and UCs allow foster youth and homeless youth priority housing and to remain in housing that is available during academic breaks at no extra charge.*

*Priority enrollment/registration for some higher-education opportunities is available to youth per SB 906 which established that current and former foster youth (in care after their 16<sup>th</sup> birthday and now under the age of 26) are entitled to priority enrollment/registration at community colleges and California State Universities; the bill requested the University of California grant priority enrollment/registration as well.*

*Priority enrollment/registration is available to youth per AB 1228. This requires that CSUs and UCs allow foster youth and homeless youth priority housing and to remain in housing that is available during academic breaks at no extra charge.*

| <p style="text-align: center;">State of California   Department of Children and Family Services (DCFS)</p> <p style="text-align: center;"><b>Whole Family Foster Home</b></p> | <p>Whole Family Foster Home (WFFH) was created specifically for pregnant and parenting foster youth whose child is not a dependent of the court. The intent is to keep teen parents with their children and out of the foster-care system by helping them develop skills to provide a safe, stable, and permanent home for their children. This is achieved through extra support services from the DCFS and other programs throughout Los Angeles County.</p> <p>A WFFH certified caregiver and the teen parent have the option to develop a Shared Responsibility Plan (SRP). The SRP is created to help develop the parent-child bond, assist the teen parent in their transition to independence, and create a successful, supportive, and nurturing placement for both the teen parent and the child. In addition, the SRP provides clear, realistic guidelines for both the teen parent and the adult caregiver as to the responsibilities of each.</p> <p>The caregiver receives an additional \$200 a month in SRP rate, which is available for each non-dependent child for whom an SRP has been developed.</p> | <p>Until teen foster-youth parent exits the system</p> | <p>Cash aid for foster parents; shared responsibility plan; parenting support</p> | <p>Please contact your social worker if you are interested in a WFFH placement.</p> |

*Priority enrollment/registration for some higher-education opportunities is available to youth per SB 906 which established that current and former foster youth (in care after their 16<sup>th</sup> birthday and now under the age of 26) are entitled to priority enrollment/registration at community colleges and California State Universities; the bill requested the University of California grant priority enrollment/registration as well.*

*Priority enrollment/registration is available to youth per AB 1228. This requires that CSUs and UCs allow foster youth and homeless youth priority housing and to remain in housing that is available during academic breaks at no extra charge.*
