Sodexo is the North American leader for Quality of Life Services and partners with clients to help them attain their strategic vision by developing Facility Management service solutions that increase the effectiveness of their people, enhance their business processes and optimize their infrastructure, which deliver tangible outcomes.

Are You the One?

Combine your proven leadership and Groundskeeping/Landscaping Management technical expertise to enhance existing or new client programs. **The ideal candidate will have:**

- A proven track record of successful Grounds leadership experience as demonstrated by articulated results and accomplishments;
- experience as a Grounds Manager preferably in a university or School setting - THIS IS A YEAR ROUND ROLE;
- EPA Certification;
- landscape management, pest control and project management experience;
- experience working with various sport fields and courts including soccer, football, track, baseball, basketball, tennis;
- have managed scheduling field use and working with local recreational teams;
- exceptional customer service, relationship building and communication skills;
- experience working with outside vendors and subcontractors; and
- strong leadership skills with a focus on staff development and team building.

Position Summary:

Provides supervision for grounds maintenance and landscape development services at account/unit to ensure client satisfaction and retention for the Company.

Fulfills contractual obligations to the client.

Key Duties

-Driving the Zero Harm mindset

-Plans projects, including defining objectives, methods, timetables and budget to support client and Sodexo strategic plan

-Supervises day-to-day work activities by delegating authority, assigning and prioritizing activities and monitoring operating standards

-Ensures compliance with all federal, state and local regulations as well as Sodexo/client policies and procedures (e.g. quality assurance, safety, operations, personnel).

-Manages the budget by controlling costs (e.g. labor, inventory, equipment, materials), complying with budget requirements and making adjustments when necessary.

-Establishes operating standards, implements quality improvements and communicates them to employees.

Basic Qualifications & Requirements:
