Free Flu Immunization Clinics At Libraries This Fall

Flu season is here. To help you stay healthy, LA County Library is partnering with the LA County Department of Public Health for the seventh year in a row to offer free flu immunization clinics at community libraries throughout the county in the months of October and November. No appointment or insurance is required.

To view the complete list of dates, times and library locations, and for additional information, visit LACountyLibrary.org/FluShot. Call your regular health care provider to see what other shots you may need. If you don't have a regular provider, call 2-1-1 (LA County Information Line) or visit publichealth.lacounty.gov/media/FluSeason for a list of additional no cost or low-cost vaccine providers.

Free Wifi Locator Tool

LA County has created a free online WiFi/hotspot locator tool to support the increasing number of residents who are working and attending school virtually and may not have affordable, reliable internet access. Go to findwifi.lacounty.gov
