PARENT RESOURCES

New website:

The LA County Early Childhood Education COVID-19 Response Team has released the new www.childcareheroes.org website. The new website helps early childhood educators understand guidance and provides best practices for how to adapt their programs and activities to serve children and families safely. It includes information and resources to implement the specific guidance, ensure maximum health and safety of children and staff and continue to offer high-quality care and education. It also provides information for families to understand and follow the guidance when sending their children to child care.

'Risk Is Real' Campaign

The LA County Joint Information Center's #RiskIsReal campaign offers great visuals, videos and social media assets that highlight young student leaders and social media influencers spreading the word about playing it safe as the pandemic continues its deadly surge. The latest participants in this grassroots messaging campaign are students from Franklin High School, [pictured here](#) as well as on 45 digital billboards across the county.

School Lunch Drive-Thru: Drive-thru lunches are served up at the top of the driveway near room 6. Stay in your vehicles and the lunch staff will deliver lunches to you.
