I'm so encouraged by the news earlier this week that LA county has reached the threshold in COVID case rate to allow elementary grades TK-6th to reopen for in-person instruction. Case rates are one element of the school reopening process. There are many more elements required. Our district is addressing safety measures and other considerations to return student and staff to school safely. HELUS current orders for school closure are to the end of our 3 quarter, April 2. Our local governing board will decide the direction of the district from April 2 - June 14 in the next few months. A Public Forum on Returning Students to Campus was held on February 17. The session was recorded and can be accessed through the link and passcode below.
