*My Community, My Hospital!*

**Spring Greetings** to all our valued subscribers, donors, volunteers and other supporters!

Last year the Foundation had a busy and successful year due to your generous efforts. The hospital needs your vital support to continue to provide timely, quality care to the patients at our hospital. In 2017 you provided the hospital with a state-of-the-art medication delivery system at the cost of \$75,000, you made a tremendous impact on the care of the patients and for the staff. This automation optimizes the speed, work flow, quality and cost of delivery, as well as minimizing overdose, loss of medication and reducing errors. Thank You!

Your donations are vital to funding emergent and urgent care needs and priority equipment. Through a bequest in his will, Tom Peach enabled a satellite dialysis clinic, which will be completed within the next 18 to 24 months. There are many ways to donate to the Glace Bay Hospital Foundation, and we are grateful for every donation. A priority funding request for 2018 is renovation and upgrading of the x-ray equipment. The current equipment is more than 30 years old and is outdated in today's digital world. This equipment is not functionally adequate and is labor intensive, as well as a potential safety risk for staff. The cost will be approximately \$500,000 to update the equipment.

Example of some of the new x-ray equipment needed at the Glace Bay Hospital

We need your help to be able to provide this improvement in radiology at the hospital. In 2017, approximately 13,000 procedures were completed in the x-ray department, of these, almost 6000 were from the Emergency Room. If we don't support funding of the x-ray department there could be further deterioration of the stability of our emergency services in Glace Bay.

Last year we were fortunate to have a number of successful events that were helpful in bringing awareness to the community about the need to support our Glace Bay Hospital Foundation. Money received in Glace Bay area goes towards the needs of our hospital in Glace Bay. We are grateful to Daniel's for hosting an auction, as well as Alfie MacLeod for volunteering his auctioneering skills. The Italian Hall in Dominion sponsored a beautiful chicken dinner to support the foundation. We are grateful to Frank Canova and Vallie Scattolon for their support.

# My Community, My Hospital!

Cathy Power accepts a cheque from the MacAulays - Miner's Village Restaurant

The Miner's Village Restaurant in Glace Bay held a soup luncheon for the Foundation. We thank Wilma and Wayne MacAulay and their staff for their support. In September, Sarah Murphy Boutilier and staff held events at the Shopper's Drug Mart in Glace Bay and also held a golf tournament. The RBC in Glace Bay held an in-house sale table and bbqs throughout the summer and collected money through public donation in their banking interactions. Sobey's in Glace Bay also had a fundraising event. Thank you to the staff and the leadership of Alberta White. Thank you to the local businesses for providing items for our auctions. Thank you also to the staff of the Glace Bay Hospital who signed up for payroll deduction.

Father Maroun, Cathy Power, Vallie Scattolon, Frank Canova at the Italian Hall Fundraiser

We are asking you to remember that the foundation cannot continue to help with the purchase of equipment for the hospital in Glace Bay without your donations. When you make your donation it is important for you to direct it to the **"Glace Bay Hospital Foundation"** if you would like your full donation to go towards supporting the Glace Bay Hospital.

We encourage your participation in our upcoming fundraising events.

Monetary donations can be sent to **Glace Bay Hospital Foundation** at the following address:

**300 South St., Glace Bay, NS B1A 1W5**

You can make online donations through the Canada Helps website:

**<https://www.canadahelps.org>**

Dr. David and Ann Ley at the Miner's Village Restaurant Soup Luncheon

Thank You!
