# Access Energetic Facelift with Access Bars

**All Of Life Comes To Me With Ease, Joy & Glory!®**

## What Is Access Consciousness?

Consciousness includes everything and everyone and judges nothing and no one. Are you ready to expand the level of choices and possibilities that are available to you?

## What Is The Access Energetic Facelift?

The **Access Energetic Facelift** is a wonderful way to *rejuvenate the face and reverse the signs of aging* on the face and throughout the entire body.

The *gentle soothing touch* applied to your face and neck works with your body's cells to *restore, enliven and rejuvenate*.

While receiving an **Access Facelift**, many different energies are applied to the body and face, and there are many possibilities to discover what can be released. *What if you could get rid of everything you have judged about your face?*

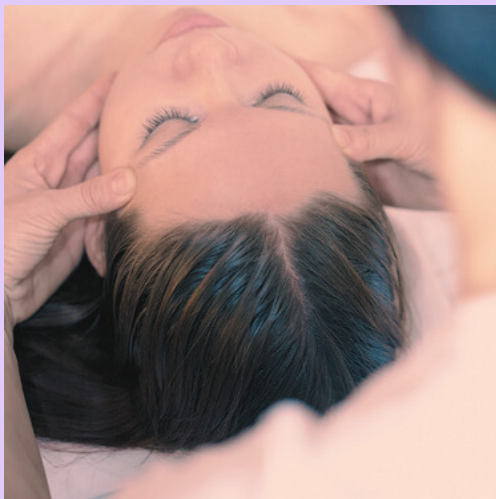

## Access Bars session?

**Access Bars®** can feel like hitting the delete button on your computer's cluttered hard drive – only this time, you're creating space in your brain. Things like negative thought patterns, or that endless mental chatter keeping you awake at night, can be released and make space for the calm you've been seeking.

**Access Bars®** is a gentle touch hands-on technique. **The Bars®** are 32 points on the head that store the electromagnetic component of thoughts, feelings, emotions, ideas, beliefs, and considerations as they are stored in the brain. When activated, **The Bars®** begin to release the thoughts, feeling, emotions, considerations and beliefs you have stored in any lifetime that limit you. **The Bars®** can help facilitate reduction of stress, pain and trauma throughout the body and increase positive attitudes toward life.

**The gentle soothing touch applied to your face and neck works with your body's cells to restore, enliven and rejuvenate.**

**Welcome to the most relaxing, de-stressing, well-being technique you may have never heard of... Access Bars® and Access Energetic Facial!**

**Are you willing to give yourself an hour to change your life?**

**Access Consciousness** is about awakening to more consciousness and functioning as the infinite energetic conscious being you truly can be! It's about not allowing any thoughts, feelings, emotions, judgments, or untruths, to limit you or to stop you from being and creating everything you desire as your life. It's about creating a life greater than you ever imagined possible.

What if life were no longer about solving problems but about having and being everything your life can be? Imagine having everything you desire. What if life could possibly go beyond the limitations of this current reality by no longer having to struggle because your body could actually guide you to what would create more ease, space, and possibilities for your body and your life?

The goal is to empower you to create a life greater than you ever imagined possible. By becoming more conscious. Consciousness opens the doors to all healing, and accessing the infinite possibilities that are available to you!

How to become more conscious is exactly what we would love to show you.
