

# Action showed character

My daughter went into a lawyer's office about something and I was with her. Before she got out of the car, she got a phone call. She told me that my sister had just passed away.

I was sitting in the car, crying when a man came out of the office and asked me if I wanted him to pray. I said yes, and he did.

When my daughter came out she told me that it was Mr. (Joe) Kubit. He is running for the office of judge.

Please vote for him, because if he is unsure about something, he can go to Jesus for the answer. Our town needs someone like him to help us.
