

# AOS Capability Statement

Veteran Owned

Arizona Off Duty Specialists LLC.  
7000 N 16th St Phoenix, AZ 85016

## WHO WE ARE

Arizona Off Duty Specialists LLC, (AOS) provides a wide range of integrated security services in support of corporate, private and government mission requirements. Our customers range from small local businesses to world-class international companies. Our services cover a broad spectrum that include both Sworn Active Law Enforcement Officers, Armed Security Specialists, Private Investigations, vulnerability assessments and security program development and implementation. We provide strong management teams with multiple years of experience in Military, Law Enforcement, and in both commercial and government security arenas. Although we are a small business, we demand big results from our employees. Contract compliance well thought technology solutions, customer satisfaction and quick response to our clients are the trademarks to our high quality of services.

## MANAGEMENT AND EXPERIENCE

Our management team has a combined experience of 60 plus years in law enforcement, military, government and commercial security activities. Our strong commitment to ensure customer satisfaction with all elements of contracts places us above our competitors in the area of performance. Intense screening, experience, and qualification for our employees assists in providing quality capable employees to perform our required security activities.

## SECURITY CLEARANCES

Please contact us for specific details.

Our Corporate office is located in Phoenix, Arizona. Project offices are also located in Tucson, Arizona with plans to expand at a pace that is consistent with our growth.

AOS understands that some municipal and government contractors may be required to bundle services due to the complexity of the contract. At times this is a difficult challenge for a small business. AOS has developed excellent relationships with several small and large businesses with a variety of expertise in the security and investigations arenas. These unique relationships allow AOS the ability to successfully manage large multi-faceted contracts while providing small business benefits to our customers.
