---

Dear Rosalind,

You and Memra were a God send for all the love and dedication you showed us at Bayshore Club this past holiday.

Thank you so much for all the gifts, food and especially the bikes that were donated for the children at Bayshore Club.

I still have parents coming into my office thanking me for the "thoughtfulness" and spirit of giving that was shared with them and their children.

You are a treasure and you and Memra made this past season a memorable light in the lives of many less fortunate people

Be Blessed
